## Judges' Pay Hike Advances

No Objections On Bill For Big County Jurists

By BARCLAY BAYLEY  
Star Staff Writer

LB 76, providing a salary raise for county judges in counties having a population of more than 60,000, was sent to general file Monday afternoon by the Miscellaneous Appropriations and Claims Committee.

The bill was amended by the committee to provide a \$9,000 salary for Lancaster County judges and an \$11,000 salary for those of Douglas County.

(A similar bill to raise the pay of Supreme Court and District Court judges advanced from the general file Monday. See story on page 11.)

Earl Cline, Lincoln attorney, headed a parade of persons appearing before the committee to urge the wage hike. Cline pointed to the "3,506 separate items handled and processed before the Lancaster County Court in a year."

Calling the present \$7,200 wage for Lancaster judges "inadequate," Cline said that the bill suggested a very moderate salary for the education and training required.

Could Earn More

He said that the judges could step into private practice and earn "much more" but are making a sacrifice to remain aloof and out of circulation as is required of a judge.

Chauncey Barney, ex-Lancaster County Commissioner, said the judges have no opportunity to do private practice while an official like the county attorney is able to "bring his annual income up to \$11,000-\$12,000 by taking outside cases."

"We are asking for the authority to spend county funds on a county officer," Barney said, "and not asking for a cent of state money."

Richard A. Vesteck, president of the "Barriers Club" of Lincoln, followed Barney and pointed to him as "an example of an official who had to give up his post because the pay is not commensurate with the time and work demanded."

Arthur Knapp, trust officer of the U.S. National Bank of Omaha, particularly stressed the "great personal liability the county judge undertakes" in the handling of monies paid into the court. He also pointed to the amount of non-legal work, such as juvenile counseling and marriage counseling.

No opponents to the raise appeared and the amendment was then proposed by Sen. Dwight Burney of Hartington and the bill advanced.

## Atomic Power Plants Said Only 3 To 5 Years Away

By VIRGIL FALLOON  
Star Staff Writer

Atomic energy for power generation and the formation of an affirmative public power program were key topics before the Advisory Committee of the American Public Power Association, meeting Monday in Lincoln.

Chairman M. R. Wait of Coon Rapids, Ia., said discussions and recommendations of the nationwide committee would be passed on for consideration at the national convention to be held May 2-5 at Jacksonville, Fla.

The committee was advised that the general feeling is that atomic power plants will be available within a short time, possible within three to five years.

**Large Plants**

Some of the first will be rather large plants, developing 60,000 kilowatts and up, Ray L. Schacht of Columbus, Neb., APPA president, said.

While generally too large for municipal plants, they would work well into Nebraska's grid network. For smaller plants, adaptable to municipalities, atomic reactors may be available in five to 10 years, although some opinion is that the time may be even shorter.

When developed, the cost of generation will be cheaper than steam and installations costs will compete with other forms of power generation, excepting water.

Consumers Public Power District, of which Schacht is general manager, has initiated a one-year \$100,000 study of the possibility of

using atomic energy generated power in Nebraska.)

Other committee discussion centered on a "positive public relations program for public power."

Wait said public power districts have been often too reluctant "to tout our own horns" and public relations has often been geared to "defending charges hurled by private power."

Committee discussion was aimed at the formation of an affirmative program stressing the advantages of public power to the public and consumer.

Cited advantages are that the control of a monopoly is by many — the public — rather than by a few as in private control; records show public power is cheaper, that the "profit" return from good business practices is returned to the public.

The program would stress that operating costs almost without exception are cheaper and electric power supply more adequate when furnished by public agencies.

On the subject of legislation before Congress the committee took the stand that taxation of bonds for industrial expansion would be a "foot-in-the-door measure leading to taxation of all revenue bonds."

The stand indicated a continuing fight for the "inherent right of public agencies and municipalities to issue tax-free revenue bonds."

The 14 members of the advisory committee expect to travel Tuesday to Columbus and Omaha to view the public power installations at these two cities.

**—\$10 Million Issue—**

## Passage Seen For Bonds By Majority Of 2-To-3

By BILL DOBLER  
Star Staff Writer

The fate of the proposed \$10 million school bond issue is now in the hands of the voters with an average turn out at the polls expected.

Opinion on election eve was that the bond issue would carry by an approximate three to two majority. To pass, the bond proposal must have 55 per cent of the total vote cast marked in its favor.

Amateur election forecasters have not figured out the effect of lack of interest in the election. While education officials have

covered a lot of ground explaining the proposal and some opposition has been active, the bond issue is seldom heard as a topic of general discussion on the street or in the coffee shop.

This has led some to the belief that there is not widespread satisfaction with the proposal. On the other hand, the second guessers believe this dissatisfaction, if it does exist, will not defeat the issue.

**No Alternative**

Many people in this group are expected to cast an affirmative vote under private protest — the thought being that there is no alternative.

Estimates on the total number of votes that will be cast run all the way from 10,000 to 20,000. Uncertainty here stems from the fact that there has never been a special election at this time of year and that special school elections are unusual.

Also, requirements for voting this Tuesday are different than at city elections.

To vote on school district issues requires that an individual be a resident of the state for six months, the county 40 days and the district 10 days.

In addition, a qualified voter or

Goes On Trial

Henry (The Dutchman) Grunewald, alleged Washington, D. C., influence peddler, leaves ante-room in Federal Court House in New York where he went on trial with four other men on charges of corrupting witnesses in a tax fraud investigation. Grunewald, 62, is accused with an attorney and three former internal revenue men of conspiring to defraud the government by obstructing justice. (AP Wirephoto.)

## Officers 'Slurred' —Bradley Slaps In Congress Causing Drop Of Career Men

WASHINGTON (INS) — Hitherto secret memorandum was made public Monday in which members of Congress were accused by Gen. Omar Bradley of habitually slurring military officers.

Defense Secretary Charles E. Wilson made the document public in its entirety when he appeared before the House Armed Services Committee to testify on behalf of the administration's pay raise bill for military personnel.

It was signed by Bradley and dated February 20, 1953, when the General was chairman of the Joint Chiefs of Staff. The Joint Chiefs of Staff, the nation's top military body, is now headed by Adm. Arthur W. Radford, a Pentagon aide said portions of the memorandum have been quoted from time to time, but the entire text has never before been made public.

The memorandum does not identify the members of Congress accused of slurring officers but the attitude was mentioned in connection with a statement by the Joint Chiefs of their concern over the failure of career people to remain in the armed services.

**Aggravate**

The memorandum states: "Aside from the material causes which have reduced the attractiveness of the military services as a career, the habitual slurring of the officer corps by some members of the Congress and some elements of the press . . . have served to aggravate this serious situation."

Further along in the memorandum, Bradley refers to "unfair and malicious attacks made upon the military services . . ."

He added that "there is a tendency (by the military) to accept this criticism without any attempt to keep the record straight."

Bradley pointed out that this probably stems from "the inherent discipline of the uniformed officer and his recognition of the principle of supremacy of civilian control."

The memorandum added: "The Joint Chiefs of Staff feel . . . that it is our duty and responsibility to take corrective action as needed . . . without violating either the letter or the spirit of the principle of civilian control . . ."

The Joint Chiefs of Staff feel that the lead in seeking desired corrections must be taken by the civilian element of the military department."

## Defense Treaty Approval May Cool Off Tough-Talking Chinese

### 7th Fleet Goes Ahead With Evacuation

TAIPEI, Formosa (Tuesday) (AP) — Red ground guns Monday blazed away at U. S. 7th Fleet planes, but otherwise the first day of the momentous withdrawal from the Tachens passed without incident.

Nationalist sources said the first persons off the islands 200 miles north of Formosa were Chinese civilians. They were brought off by Nationalist landing craft under cover of the powerful 7th Fleet.

In all, 41,000 soldiers, civilians and guerrillas will be taken from the Tachens and nearby islands.

Despite tough talk from the Red China radio, all advice from the Tachens indicated that not once did the Communists dare to oppose the mightiest U.S. fleet to be massed in the Far East since the Inchon landing in the fall of 1950 during the Korean War.

**Reds Nervous**

The Communists still moved nervously in the area. Torpedo boats were reported cruising 17 miles from some fleet units. But the 800 or more Red planes believed based as close as 100 miles from the Tachens were held in leash.

AP Correspondent Forrest Edwards reported from the 7th Fleet that carrier planes patrolling high over the Tachens were fired on by anti-aircraft guns on Red islands north of the Tachens.

A pilot told Edwards some of the bursts came close but no damage was reported.

On Yikiangshan, only eight miles north of the Tachens, pilots said they saw explosions which apparently were caused by demolition work. But Red artillery on Yikiangshan did not open upon the Tachens, where a party of U.S. Marines and Navy men went ashore.

The fleet was under orders to fire back if Yikiangshan's guns opened up.

Lt. Gen. Liu Lien-yi, commander of the Tachens garrison of 10,000 regulars and about 4,000 guerrillas, told U.S. naval officers he has not yet received orders to withdraw, AP correspondent Jim Becker said in a dispatch from Tachens.

**A Week's Job**

Becker quoted officers as saying they believed Adm. Alfred M. Pride, 7th Fleet commander, had asked Taipei to speed up the orders for an operation that will take at least a week to complete.

Nationalist press reports said more than 18,000 civilians in the Tachens area wanted to leave.

The Communists made "no threatening or unfriendly maneuvers whatsoever" in the first day of evacuation and "indications are the Reds do not intend to make any," one U.S. officer told Becker.

However, the 7th Fleet was on the alert. Rear Adm. Alonzo Sherwood Sabin Jr., commanding an amphibious force which was just arrived from evacuating Indochina to Saigon, declared: "If I am fired upon I will fire back."

**Reds Charge Provocation**

Peiping Radio said that U.S. planes flew over Yikiangshan and other islands near the Tachens in "a military provocation gravely encroaching upon China's territory and sovereignty." It asserted the U.S. craft left when Red planes took to the air.

"If the U.S. Air Force ventures to intrude into China's territorial air again," said a broadcast heard in Tokyo, "the U.S. government must bear all serious consequences arising therefrom."

Dulles Points To Pescadores

Secretary of State John Foster Dulles points to the Pescadores Islands as he and chairman Walter F. George (D-Ga.) of the Senate Foreign Relations Committee look over a map of the

China-Formosa (Taiwan) area in Washington. Dulles told the committee he doubts the Chinese Communists "really intend to wage war against the United States" over Formosa. (AP Wirephoto.)

## —Mainland Invasion Pledged—

### New Troubles Arise; Chiang To Hold 1 Isle

Nanchisan, 80 Miles From Tachens, To Be Defended

By FRED HAMPSON

TAIPEI, Formosa (AP) — The first day of the Tachens withdrawal appeared to go smoothly, but it begins to look as though another complication has developed.

During the day, it became clear that the island of Nanchisan, 80 miles south of the Tachens, would be held.

At least a battalion of Nationalist soldiers are stationed there, and there are reports the garrison numbers 5,000 men.

Nationalist spokesmen, who are

anxious to make the Tachens withdrawal look like a redeployment rather than a retreat, have begun to emphasize that Nanchisan will be held.

To some extent, the retention of Nanchisan poses the same problems as the Tachens.

The United States wanted the Tachens evacuated because encroachment of the Communists in the area, plus the buildup of Communist air strength on the mainland nearby made it too dangerous and expensive to hold them.

From a look at the map, the same thing can be said of Nanchisan. It is known that the issue is causing some worry among Americans on Formosa.

**No Retreat**

As the first day of the pullout ended, President Chiang Kai-shek issued another official assurance that this withdrawal was not a retreat but a strategic maneuver to avoid attrition, strengthen the defenses of Formosa itself and prepare for the ultimate counter-invasion.

"The most important task of the government forces is to counter-attack the Communists and recover the mainland," Chiang said in a statement.

Under the present military situation, our government forces, in order to conserve their counter-attack potential, should under no circumstances be allowed to be dissipated at such a time and place as the enemy might choose.

**Face Saver**

"To insure victory . . . our first duty should be to consolidate Taiwan (Formosa), Penghu (the adjacent Pescadores) and the other islands that shield them, such as Kinmen (Quemoy), Matsu, etc."

Observers saw the statement partly as a face-saver to overseas Chinese and to Communist resistance inside Red China.

It was obvious that his abandonment of more islands—for whatever reason—was bitterly unwelcome here.

Chiang in his message did not mention Nanchisan Island, but it was noted he used the expression "Quemoy, Matsu, etc."

**Dag, Chau In Contact**

UNITED NATIONS, N. Y. (AP) — U.N. Secretary General Dag Hammarskjöld is maintaining contact with Red China's Premier Chou En-lai in connection with efforts to get a cease-fire in Formosa Strait. So far no result of that contact has become apparent.

Reports were current at U.N. headquarters Monday that the secretary general who was in Peiping for conferences with Chou on American prisoners a month ago, had received a reply from Peiping to a second message sent by Hammarskjöld last week relative to a cease-fire.

A U.N. source said he could neither confirm nor deny the existence of a reply. He said all he could say was that contact is being maintained. He did not state just what Hammarskjöld hopes to achieve by keeping the contact with Peiping.

## Navy's Planes Groomed For 'Hot Pursuit'

WASHINGTON (AP) — Secretary of State Dulles said Monday that U. S. ratification of a defense treaty with Nationalist China might cool off the tough-talking Chinese Reds.

"I doubt that the Chinese Communists really intend to wage war against the United States unless the United States abandons this treaty with all that abandonment would imply," he told the Senate Foreign Relations Committee.

Dulles said it was possible that Senate approval of the treaty and the already accomplished adoption of a defend-Formosa policy "will together create a situation in which the present warlike mood of the Chinese Communists may subside."

The secretary made his appraisals in a statement he carried to a closed-door meeting of the committee. It is considering the mutual defense treaty signed by the United States and Nationalist China Dec. 2 under which the United States pledged its aid "in accordance with its constitutional procedures" if Communist forces should attack Formosa or the Pescadores Islands.

Dulles, in saying he doubted the Chinese Reds want war with the United States added:

**They Hope We'll Back Up**

"I do not doubt that the Chinese Communists are probing our resolution. They no doubt hope that we want peace so ardently that we will retreat in the face of their threats."

"It is true that we want peace and that we do want it ardently. However, we do not want it at the price of our security or of our honor."

"Indeed, experience shows that those who try in that way to buy peace in fact only increase the ultimate danger of war. They encourage the aggressors to make ever-mounting demands, so that in the end there is no alternative but to fight."

**Chase Gets O. K.**

WASHINGTON (AP) — A Navy official said Monday he saw "no reason" why U.S. planes covering the Tachens evacuation should not chase attacking Communist aircraft as far as their fuel supply would allow.

Asked if this meant 7th Fleet aircraft and Air Force planes involved in the Formosa operation would thus be following the doctrine of "hot pursuit," the spokesman said yes.

He added that the distance or extent of the pursuit would not necessarily be limited by any 3 or 12-mile limit and that the pursuing American aircraft would probably go as long as his fuel supply held out or until he got into a disadvantageous position.

**Justices Are Challenged To Reveal Income**

Sen. William Metzger of Cedar Creek early Tuesday issued a statement challenging state Supreme Court Justices to reveal the amounts of money he says they have received from the federal government.

Metzger's statement extended his argument, advanced as an amendment to a pay raise bill for the Justices, that the Supreme Court members should not perform outside work for the government. This work, Metzger says, keeps the Justices from their state duties and also cuts the need for a pay increase from the state.

The Senator's amendment to the pay raise bill was voted down on the floor of the Legislature Monday, 19 to 16. The bill was then advanced from the Legislature's general file.

In his early morning statement, Metzger asked for the Justices to "promptly and voluntarily respond with a complete disclosure of Federal sums received during 1953 and 1954 so that we, the representatives of the people, can accurately evaluate the purported need and justification for their salary increase."

He added that if the disclosure isn't made to the Legislature, he would "make it my purpose to obtain this information from the proper agencies of the federal government."

## New Governor's Mansion Agreed On; Financing Up In Air

Amid general agreement that a new governor's mansion is necessary, LB 213 to provide \$200,000 for one was sent to the floor of the Legislature Monday by the Miscellaneous Appropriations, and Claims Committee.

The bill provides that the money be taken from the state general fund and an amendment by Sen. Dwight Burney of Hartington provides that the planning and construction supervised by the State Building Commission, an agency created by the 1949 Legislature to supervise repairs and improvements to the capitol.

Present members of the commission are A. Q. Schimmel and

W. C. Fraser, both of Lincoln, and Jack Windle of Nebraska City. The governor and State Engineer L. N. Ress are also members.

Another bill, LB 361, would have drawn the money out of the Board of Control's share of the 1.1 mill institutional and military department building fund levy.

LB 361 was held back by the committee.

Gov. Victor Anderson appeared by committee invitation to give his views on the proposed mansion. Gov. Anderson urged the two-fold purpose of the building be kept in

mind. One of the home of the governor and the other as state affairs building. In the second category, he pointed out, almost 1,000 persons were met there in the last month. Also the building is used for state-wide meetings of various civic and charitable groups.

The governor said he felt that as just a home, the state would not be justified in spending \$200,000. As a meeting place, however, he said the state "should build one adequate for the purpose."

If the more elaborate structure is built, the governor said, the living quarters for the chief executive should be kept separate from the rest of the building. One of the disadvantages of the present

mansion, he pointed out, it the way the living quarters and state affairs are mixed together.

In discussing the type of mansion with the governor, the committee mulled over the suggestion of Sen. Lee of Fremont that an underground parking lot be constructed beneath one-quarter block set aside for the mansion.

Sen. Tom Adams of Lincoln appeared the most earnest champion of the subterranean parking spot and also suggested that the mansion be made into an office building with just a wing for the governor.

This met with a firm answer from Gov. Anderson that he was in favor of fitting offices into some

of the space still available in the present statehouse and not mixing them up with the mansion plan.

"Let's try to shrink the present government instead of expanding," he said. Anyway, he said, he didn't think Nebraska could outgrow the capital for another 10 years.

As to the financing of the new mansion, Gov. Anderson expressed his liking for LB 361, the 1.1 mill building levy. This would curb the tendency to "appropriate extra money everytime we have to put up a building."

**Simon's Skirt Sale**

All wool skirts, broken sizes, 10 to 20. Orig. 8.95 to 14.95; to clear, Simon's 4th Floor, 3.39.—Adv.

# U.S. Not Bluffing—Knowland

## Yankees Ready To Fight Back

... In Evacuation Area

CHICAGO (INS)—Senate Republican Leader William F. Knowland declared Monday United States forces "would fight back if attacked by the Communist Chinese" during the Tachen Islands evacuation.

The outspoken Californian said ships of the 7th Fleet were carrying out the evacuation of Chinese Nationalists to "preserve the peace" and added:

"Our government has made it plain that this action is not an aggression.

"Our forces will not fire unless fired upon. The Communists are on notice that we won't let our ships be sitting ducks."

Knowland said it should be clear now to the Reds that the United States is "not bluffing." He said:

"The next move is up to them." He also declared the U.S. is determined that "there never will be another Yalu River sanctuary to which the Reds can go back and refuel and rearm to come out to strike again."

This was a reference to restrictions placed upon United Nations command jets during the Korean War.

At the same time Knowland expressed his optimism about Tachen evacuation operation, hailing the "firm stand" taken by President Eisenhower and the Congress. He said:

"Our firm stand now is far less likely to cause World War III than would backing down."

**Reds Will Wait — George**  
WASHINGTON (INS) — Senate Foreign Relations Chairman Walter F. George (D-Ga.), said Monday he is convinced Communist China will try to capture Formosa and the Pescadores, but that the attempt may not come for several years.

When it does, George said, the U.S. will most certainly not throw its own ground troops into the defense of the Nationalist strongholds unless here is "A complete disintegration of all the military forces" under Chiang Kai-shek. But he declared that, even if that should happen, American GIs would be used "only on the island of Formosa, and for the distinct purpose of defending Formosa."

## Tvrdek Enters Omaha Hospital

OMAHA (U) — State Senator Charles F. Tvrdek of Omaha has entered Clarkson Hospital for "diagnosis and rest." Physicians said Monday his condition is not serious.

U.S. FLIERS, CHINESE BIVOAC ON FORMOSA

American airmen of the 18th Fighter-Bomber Wing and Chinese Nationalist soldiers join

forces to prepare field rations over an open fire at an air base on Formosa. The 18th, transferred there from Okinawa and

the Philippines, is F-86 Sabrejet-seasoned from the Korean War. (International)

## Truck Hits Children On Way To School

OMAHA (U) — Three parochial school children were injured, two critically, when hit by a pickup truck at a South Omaha intersection Monday.

The accident occurred only minutes before safety patrol boys were to take their posts.

The injured children were Mary Caroline Mullen, 13, Veronica Mullen, 6, and Anne Maria Grzywa, 7, who were on their way to St. Stanislaus School. Conditions of the first two was described as critical.

Driver of the truck was Harold Coder, 45.

Traffic investigators said Coder's report and supporting stories of witnesses indicated cars were halted in the intersection because of the morning traffic jam and the children went around the rear of a halted car into the path of Coder's truck.

He said he did not see them until they were in front of him and about five feet away.

## Bonds Stolen In Omaha Found

COLORADO SPRINGS, Colo. (U) — Government bonds worth \$2,450 stolen Nov. 11 from an Omaha hotel were found on a Manitou Springs street and police Monday started a search for a clerk.

Jim Barnes of Manitou Springs found the bonds, along with two passports, naturalization papers and other papers belonging to Anthony Stevens of the Oaks Hotel, Omaha.

Officers said the suspect, his wife and a child arrived in Omaha Nov. 6 and asked the hotel owner for a job. The clerk and his family left the day the bonds, a 21 jewel watch and valuable papers disappeared, the officers said.

## Legislative Calendar

Monday, Feb. 7, 25th Day

Continued 10 a.m.  
Passed LB 63, 13, 49.  
Failed to pass LB 68.  
Advanced from general file LB 46, 39, 58.  
Adjournment 11:53 a.m. to 9 a.m. Tuesday.  
Committee Hearings  
Miscellaneous Appropriations — LB 201, Feb. 14.  
Judiciary — LB 338, 278, 279, 342, 345, 410, 211, Feb. 14.  
Agriculture — LB 41, 420, 430, Feb. 16.

Agriculture — Reported out LB 105; held LB 103.  
Committee on Committees — Recommended confirmation of Don Robertson of North Platte as state game commissioner.

## SE Diagonal Leg Plans Submitted

Plans for the first leg of the new southeast diagonal will be submitted this week by the city engineering department to the State Department of Roads and Irrigation.

Plans on the project are being prepared by the city but the state will take bids and award a contract for the work. Cost of the project is split between the city and federal government.

While the final estimate has not yet been made, the job has been unofficially estimated at \$400,000. The first leg runs from 21st and K to 27th and D.

The diagonal will eventually run out Normal Blvd. to the southeast edge of the city. Bids are expected to be taken on the first part in the state's March letting.

## Record Dividends

NEW YORK (U) — A record of almost 6½ billion dollars in cash dividends was paid in 1954 to holders of common stock shares listed on the New York Stock Exchange, according to the February issue of "The Exchange" out Tuesday.

The official publication of the New York Stock Exchange says this total of \$6,438,821,220 is 8.8 per cent higher than the previous record established in 1953.

## Engdahl Installed Head Of Lutheran Wahoo Conference

P. Weldon Engdahl of Oakland was installed president of the Wahoo District of the Lutheran Nebraska Conference Brotherhood Monday night at the third annual Mr. and Mrs. Banquet at the First Lutheran Church at 17th and A.

Other officers installed were Richard Houfek of Malmo, vice president; Wallace Thorson of Mead, secretary; Melvin Von Seggern of Oakland, treasurer and Rev. E. Chindvall of Hooper, pastoral advisor.

Layman Howard Peterson of Grand Island told more than 250 persons present that "we must start a crusade for increasing church attendance during Lent."

He centered his talk on placing "Christ first in life."

Peterson asked the women to "carry forward the visitation program for the sick, the shut-ins and the new people in the community."

Nine Nebraska towns were represented at the banquet. They include Lincoln, Ceresco, Oakland, Swedburg, Fremont, Mead, Wahoo, Hooper and Malmo.

## \$750 Polio Fund Is Raised By Davey Women

Lincoln Star Special  
DAVEY — Over \$750 was raised by the Davey Women's Club to be donated to the National Foundation of Infantile Paralysis, it was reported Monday night.

The Women's Club raised the money by holding an auction Monday and by sponsoring other benefits, one in connection with the Davey Dance Club.

## Man Nabbed After Killing, Abduction

PITTSBURGH (U) — A rejected suitor, who police said abducted his former girl friend after a quarrel in which a would-be peacemaker was shot to death, gave himself up Monday night. The girl was unharmed.

Pittsburgh police said Russell Winterbottom, 33, telephoned them from his home in nearby Turtle Creek and said, "Come and get me."

Winterbottom, police said, went to the hotel where the girl Lorraine Rodgers, 20, was staying. After a quarrel, he forced her into his car at gunpoint. During the quarrel, another roomer at the hotel, Walter W. Henry, 44, was shot to death. Police said Henry tried to act as peacemaker in the quarrel.

Witnesses said the girl was shoved into the car crying: "I don't want to go with you. I don't want to go."

Police who arrested Winterbottom Monday night said they found a gun in the glove compartment of his car. He surrendered quietly.

## Ress Says Extra Cent Gas Tax Big Highway Factor

GRAND ISLAND (U) — State Engineer L. N. Ress Monday night called the extra cent of state gasoline tax the "most significant" factor in an improved Nebraska highway situation during the past two years.

In an address prepared for delivery before the Cosmopolitan Club here, Ress said the state "would be barely holding our own against highway deterioration" if the Legislature fails to continue the six cent gas tax.

He said the extension of the extra cent would mean "definite progress."

However, the State Engineer added: "Here in Nebraska we have never been able to devise such a formula simply because of the uncertainty of highway revenue measures. Secure knowledge of available funds is more conducive to a suitable program, and until some definite revenue policies are determined, development will continue on a two year piecemeal basis."

Other reasons given by Ress for the improved highway situation in the state included added interest by the citizens of Nebraska and the caliber of State Highway Department personnel.

"We are just beginning to exploit our natural resources and attract industrial plants to our area," he said. "The success or failure of this project will be greatly dependent upon the quality of the transportation facilities we can provide, and a modern, integrated system of highways will be one of our greatest assets."

## COFFEE GROWERS WARNED

... Of Competition

SAN SALVADOR (U) — John F. McKiernan, president of the National Coffee Assn., warned Latin American coffee growers Monday that competing beverages as well as high prices are cutting coffee drinking in the United States.

He said the coffee industry should give "more time and thought" to a long-range program for increasing sales in the U.S. — and at competitive prices.

McKiernan's comments were in a speech for a meeting of representatives of 13 coffee-producing countries.

## 'Tighter' Garbage Bill Gets Approval

The Legislature's Agriculture Committee Monday approved a bill tightening the regulations on the cooking of garbage to be consumed by swine.

The measure, LB 105, was supported at the public hearing by Dr. J. L. George, State Veterinarian.

The Agriculture Committee held LB 103, a bill increasing the renewal fee for registering brands from one to two dollars, pending the drafting of an amendment.

The amendment, staggering the renewal dates for brand registrations so that they all don't fall due at the same time, was requested by Secretary of State Frank Marsh, who also serves as chairman of the State Brands Registration Committee.

## Eddie, Debbie Set June 17 Wedding

By LOUELLA O. PARSONS

HOLLYWOOD (INS) — The long expected wedding date of Debbie Reynolds and Eddie Fisher has been set for June 17, the anniversary of their first meeting.

The month of June was never a secret. They always planned on a June wedding, but this is the first time they have admitted that they have set the date.

They have chosen southern California for the ceremony, but where they are not saying. Could be Santa Barbara, or could be right in Los Angeles.

Debbie has chosen her brother's wife, Mrs. Joyce Reynolds, as her matron of honor, while Milton Blackstone, Eddie's manager since the beginning of his career, will serve the popular Eddie as best man.

## Aga Kahn Arrives

CAIRO (U) — The Aga Kahn and his wife arrived from the upper Nile town of Luxor Monday. A spokesman for the 77-year-old spiritual leader of the Ismaili Moslem sect said a symbolic ceremony of weighing the Aga against plaudits would take place in a few days.

## News Around The Globe

### Budget Approved

MOSCOW (U) — The two houses of the Supreme Soviet (Parliament) put their unanimous stamp of approval on a U.S.S.R. budget for 1955 which provides for a 12 per cent increase in military expenses. The budget — introduced last Thursday — totals 562,900,000,000 rubles. About 20 per cent of this, or 112,100,000,000 rubles is earmarked for military purposes. The U.S.S.R. values the ruble at 25 cents.

### Merger Eyed

MIAMI BEACH (INS) — Top representatives of the AFL and the CIO meet at Miami Beach Tuesday for two days of crucial conferences aimed at paving the way for a merger of the labor organizations under a single banner. Three-man subcommittees, representing each organization, will lay the groundwork with 10-man committees from each side slated to meet on Wednesday to hear a report from the subsidiary groups.

### Rita, Dick Pray

HOLLYWOOD (U) — Rita Hayworth said Monday "we are both praying" her husband, Dick Haymes, will not be deported from the United States. He declared he will take the case to the Supreme Court if necessary.

The actress reported to Columbia Pictures after 18 months' absence from Hollywood and the studio called a press conference for the event. But most of the conversation concerned the many troubles of her husband.

### 4 Lincoln Juniors Listed For Trips

Four juniors from Lincoln High School were elected for the American Field Service Scholarships to go to Europe this summer.

William Rogers, principal, announced the four winners chosen from 13 nominees by a faculty committee.

Those selected are Susan Fraser, daughter of Mr. and Mrs. William Fraser of 2609 Rathbone; Dick Seymour, son of Mr. and Mrs. Victor Seymour of 1900 C; Sally Williams, daughter of Mr. and Mrs. W. L. Williams of 2530 Rathbone; Bob Theede, son of Dr. and Mrs. C. I. Theede of 2909 So. 26th.

Alternates are Barbara Bible and Charles Root.

The applications from Lincoln High will be sent to the American Field Service headquarters in New York where judges will decide what countries the students will go. The student has the opportunity to visit a foreign country at a greatly reduced cost to live with a selected European family, and literally to become a member of the family.

Six Lincoln High students went to foreign countries last year.

### 4 Children Killed

WASHINGTON TOWNSHIP, N. J. (U) — A frantic mother made several futile attempts to enter her burning farm home but was driven back by flames in which her four small children perished.

Firemen said the blaze started in a kerosene heater and leveled the three-room bungalow room on the farm of Harry B. Duncan.

### Expanded Plans

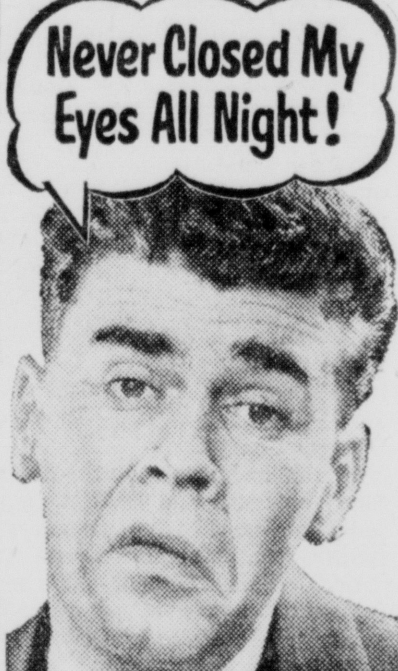

WASHINGTON (U) — The Senate Internal Security subcommittee voted to ask the Senate for more than \$260,000 to finance an expanded program of Red-hunting in and out of the government.

The resolution also asked the right to spend an unestimated cash balance left over from approximately \$200,000 the Senate had allowed the group last year.

### Reward Offered

MIAMI BEACH, Fla. (U) — Texas oilman T. E. Robertson of Dallas, "tired of having our boys shot at," offered a \$100 reward to any American pilot who shoots down a Red MIG over Formosa "in defense of our country."

Robertson, visiting near here, said he hoped to begin a fund to award fliers tangling with MIGs in the Far East.

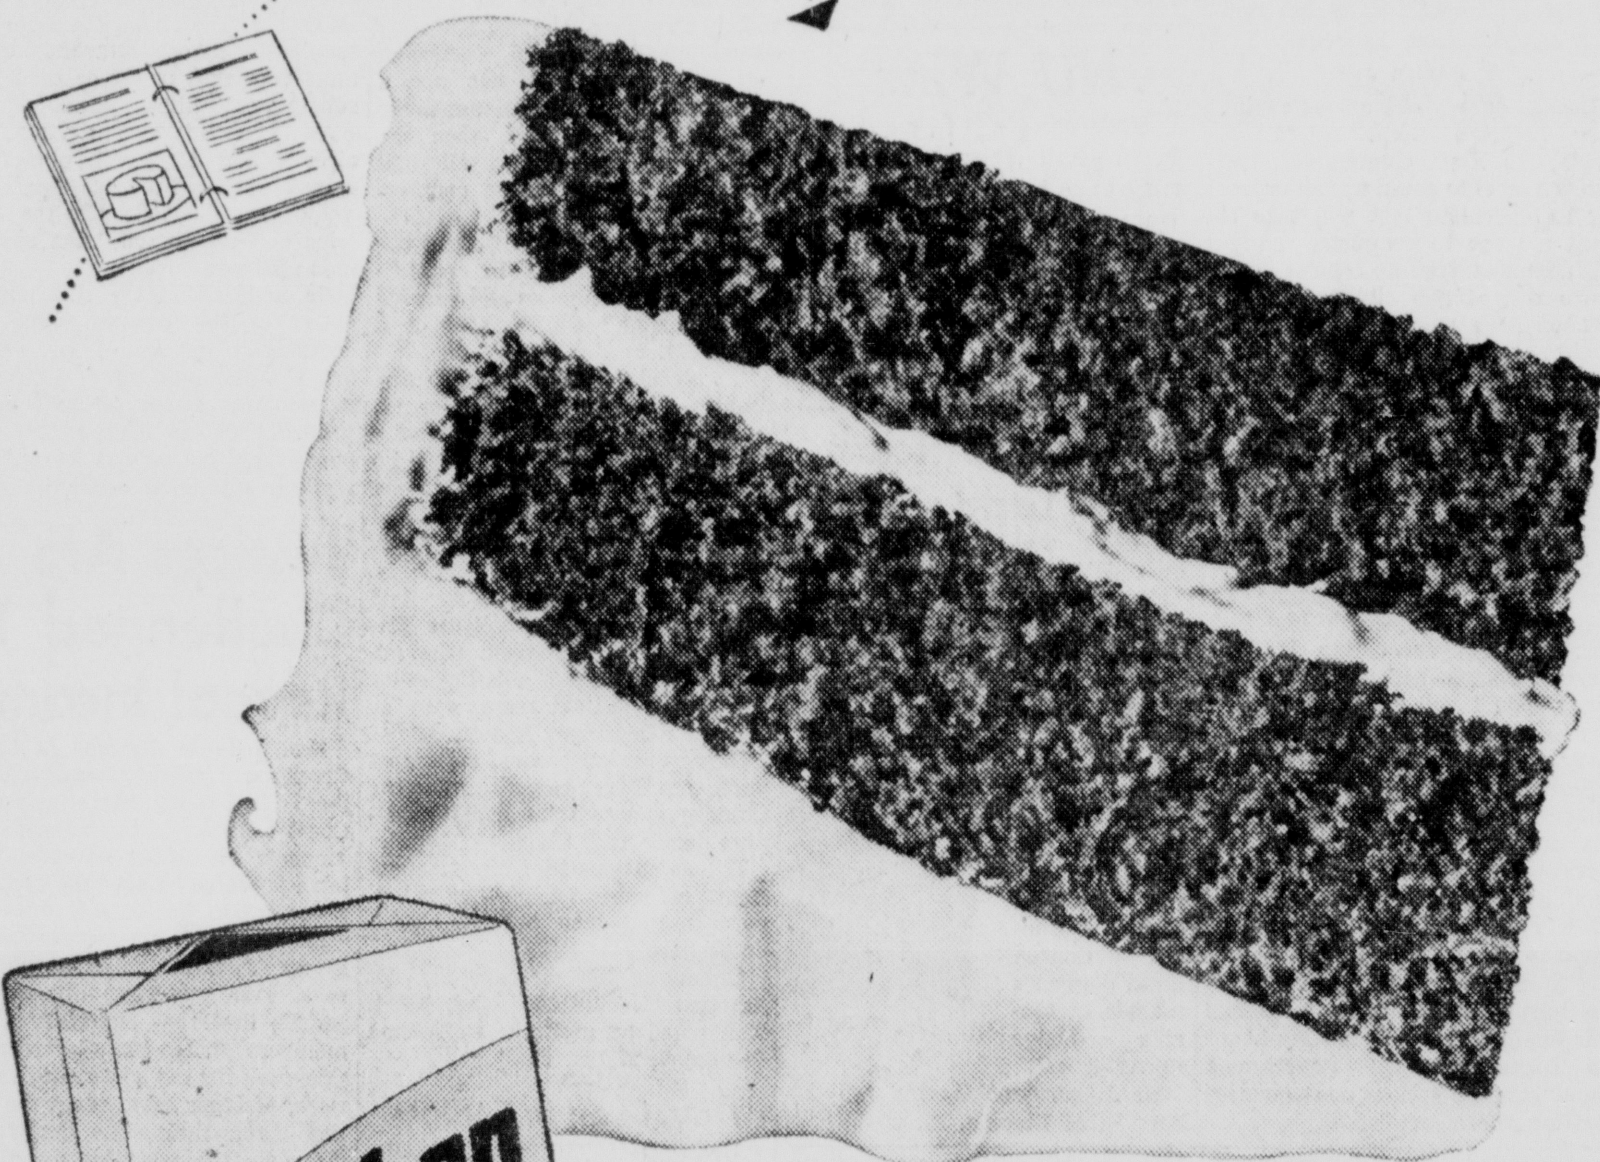

## CAN'T SLEEP Because of Acid Stomach? Do This—

Try this simple modern way to avoid sleepless nights due to excess stomach acid. Just take 1 or 2 Tums as a "nightcap" before you go to bed. Countless thousands who do this have discovered they fall asleep faster—feel much fresher mornings. Always keep Tums handy to counteract sour stomach, gas, heartburn—day or night. Get a roll of Tums right now.

# Sen. Humphrey Withdraws Resolution Asking Prompt Action On Cease Fire

## ... Reds Keeping Guns Quiet

WASHINGTON (AP) — Sen. Humphrey (D-Minn) Monday withdrew, at least for the time being, his Senate resolution asking "prompt action" by the United Nations to obtain a Formosa cease-fire.

Humphrey said Secretary of State Dulles, who had reportedly favored the resolution last week, told the Foreign Relations Committee it "should not press" the measure now that the Chinese Communists have rejected a U.N. invitation to discuss a cease-fire.

Sen. Knowland (R-Calif), the minority leader, has been opposed to the Humphrey document from the outset and had lined up substantial voting power in the committee against it.

Humphrey told newsmen Dulles had said that adoption of the resolution "at this particular juncture... would not be of any material benefit" and that the State Department hoped no action would be taken.

Humphrey agreed not to press the idea "until I have an indication from the State Department that it would be agreeable to them."

### Guns Silent

PARIS (INS) — Reports from Peiping said Monday night that Red Chinese artillerymen kept their guns silent and permitted the U. S. Seventh Fleet to protect the Nationalist evacuation of the Tachen islands.

An Agence France Presse dispatch from the Chinese Communist capital said Communist artillerymen trained their guns on American warships for the first time since the Korean War, but did not open fire.

The dispatch from the agency's special correspondent in Peiping added that for the time being "the orders to the Chinese troops are to remain on the alert but not to reply" to what was termed in the Communist press an American "provocation."

The dispatch said that by permitting the evacuation operation to proceed "peacefully," the Chinese Communist artillerymen "avoided starting a military operation with unforeseeable consequences."

### Great Interest

The Agence France Presse dispatch added:

"Peiping tonight was following the (evacuation) operation with great interest and also with some

anxiety. From dawn, when the evacuation began, reports from the front came in hourly to the Chinese Foreign Ministry. They described in detail the movements of each U.S. warship cruising off Tachen in Chinese territorial waters.

"At the same time U.S. air squadrons were picked up on the many radar screens lining the Chinese mainland coast."

## Suit Filed Over Alleged Failure Of Rent Agreement

A \$10,170.84 suit has been filed in Lancaster District Court against the Nebraska Theaters, Inc., and C. C. Kimball Co.

Plaintiffs are George C. Ferris, Regina M. Ferris, and Mary C. Ferris, doing business as Ferris and Co.

The plaintiffs allege they leased from the defendants a store at 135 No. 13th and basement in the Varsity Building for a period from Dec. 1, 1950, to Dec. 21, 1953, at \$200 per month.

They allege that the defendant lessor agreed to put the premises in "good tenable condition" with a new store front, heating system, and standard light fixtures.

Because of the alleged failure and neglect of the lessor to make such improvements, the plaintiffs contend they suffered damages of \$3,400 under the lease and \$6,770.84 from loss in the operation of their business.

The Kimball company, it is alleged, acted as agent of Nebraska Theaters in the lease.

## Woman Falsely Makes Pregnancy Purchases

A 23-year-old Lincoln woman was held by police Monday after she was picked up for buying close to \$300 in goods and merchandise by using someone else's name.

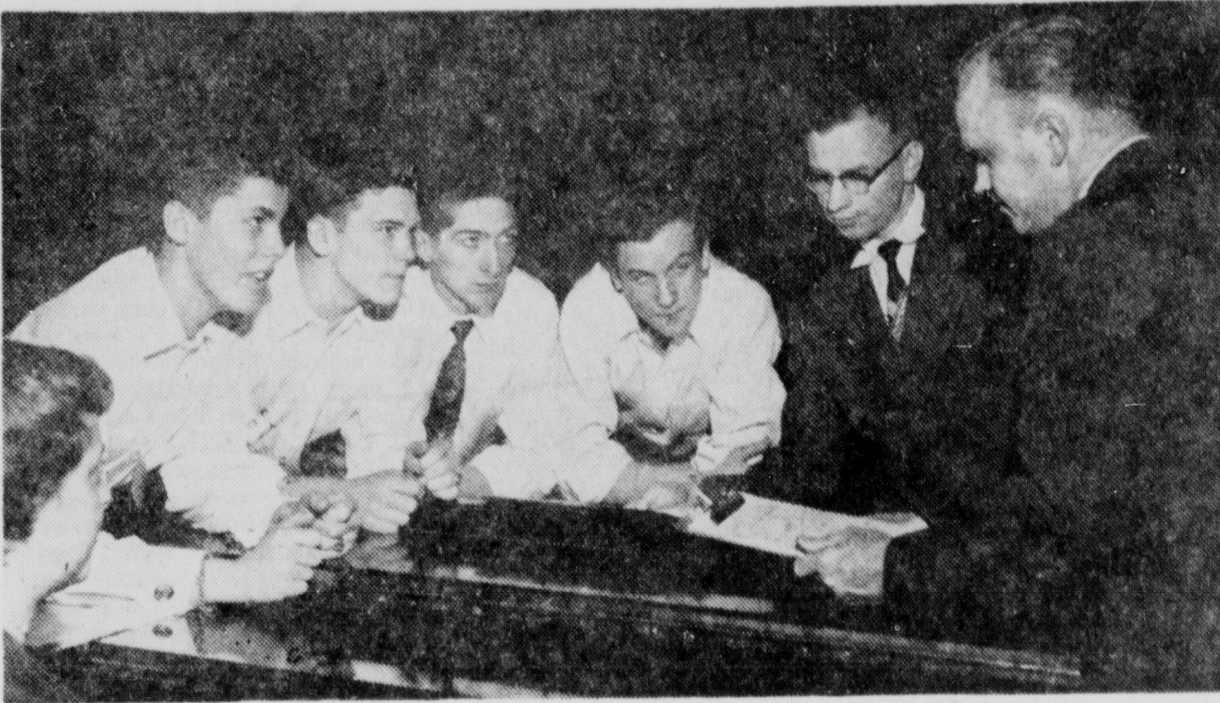

Three Lincoln stores listed merchandise, including baby diapers and maternity dresses, sheets, and pillow cases, bought by the woman. The purchases began about the first of the year.

She is expected to be charged with obtaining merchandise under false pretenses.

## Drunk Driving Case Acquitted By Jury

A Lancaster District Court jury has acquitted George T. Chadd, 24, of 1220 Knox, of a drunk-drive charge.

The jury deliberated nearly 12 hours in finding Chadd not guilty on the charged offense of last Aug. 28, on which he had appealed from a Municipal Court conviction.

## Fairbury Students Sing In Clinic

Fairbury High School students took part Monday in the annual Invitational Vocal Music Clinic held at Fairbury. Students first sang, then discussed their good

and bad points with the clinic director, Gordon Flood, and judge, Tom Wikstrom of the University of Nebraska. Holding a critique are (from left): Diana

Junker, accompanist, Gary Kahler, Bill Frisbie, Bill Paul and Dalton Isaac, all students; Dr. Flood and Mr. Wikstrom. (Star Staff Photo.)

## State Committee Approves Two County School District Changes, Vetoes One

Two Lancaster County school district reorganization plans were approved and one turned down by the State Committee for the Reorganization of School Districts Monday.

The most comprehensive plan approved calls for Districts 20, 23, 44, 119 and 122 in the Panama area to be combined with the Panama district for elementary and high school purposes.

The committee recommended that the school board of the new district release any of the south part of the area that might want to use the Fifth District.

The plan to dissolve the recently created District 154 south of Fifth was approved. The original Districts 37 and 112 would be restored.

On first hearing the committee refused the District 154 request and urged the consolidated district "make further effort to work together to provide a good school for the children of the district."

### Approved

However, a re-hearing was requested and dissolution of District 154 was approved by the state committee.

The proposed transfer of 160 acres from District 152 south of Lincoln to adjoining District 153 was turned down by the committee.

Donald C. Foreman of Rt. 1 Lincoln had wanted his daughter to transfer from the Rokeby to the Cheney School and single-handedly had circulated petitions for 203 signatures to make the necessary boundary changes.

In other action, the state committee approved a plan to attach Dis-

trict 29, 53 and 86 in Hamilton County to the Phillips district.

### Almost Complete

F. B. Decker, state commissioner of education, said that with this action Hamilton County reorganization is almost complete.

The committee also approved plans to:

Attach 120 acres of Dawes County District 112 to District 41. Dissolve Hall County District 62 and attach it to Districts 48 and 58.

Divide Otoe County District 3 and attach it to District 2 and 81.

Merge Banner County District 8 and 27.

Merge major portions of Thayer County District 8, 32 and 42 with Deshler and to merge District 8 with Deshler and Hebron.

Attach Clay County District 39 to Sutton.

The committee turned down plans to:

Merge Boyd County Districts 23, 51 and 54.

Merge Fillmore County Districts 29 and 62 with Grafton.

## Crib Fire Fatal For Baby, Mother Will Be Charged

PHILLIPSBURG, N. J. (AP)—A 7-month-old baby died Monday night of first degree burns and state police said the child's mother will be charged with murder Tuesday morning.

Police said Mrs. Bernice Makatura, 23, admitted setting fire to the crib in which her son Stephen slept. She then threatened to kill herself and another son, Richard, 3, because of domestic difficulties.

Firemen found Stephen under his blazing crib and rushed him to a hospital where he died about six hours later. The child apparently fell to the floor when slats in the crib burned through. Also on fire was a bathette in another room of the home, firemen said.

Police said that after setting fire to the crib and bathette, Mrs. Makatura took her son Richard to the nearby home of Mrs. Philip Bronico. Mrs. Bronico told officers Mrs. Makatura demanded a gun to kill herself and Richard.

State police said the woman blamed arguments with her husband, Stephen Makatura Sr., on her despondency.

Makatura was at work when the fire broke out.

## Water Main Pipe Purchase OK'd

Plans and specifications with a \$340,000 estimate have been approved by the City Council for the purchase of cast iron pipe and fittings for construction of water distribution mains.

The equipment is for the completion of the water distribution system as planned under the current improvement program. The city purchases the pipe in large quantities and then sells the material to the successful bidder on each of the projects for construction.

Awarded by the Council was a \$345,968 contract to Chambers Construction Co. for construction of a water feeder main from 40th and A to 70th and O.

Other plans, specifications and estimates approved:

Carload of poles for Light Department, \$2,300.

Electrical conductor for Light Department, \$15,500.

Valves for Water Department, \$21,000.

Distribution transformers for Light Department, \$10,000.

## Defense First

NEW YORK (INS)—Air Force Major General Roger J. Browne declared that American money and manpower "must go first toward overwhelming atomic retaliatory power and a proper air defense."

"After that," the first Air Force commanding general said in New York, money and manpower should go "to those forces which are required in the later stages of a general war, or if necessary, and God hope it isn't, in limited wars."

## Faith That Runs Strongly

Nebraska with its love of stability and affection for the freedom and individualism that is part and parcel of life in an agricultural region can understand and appreciate the words of one of its veteran rural pastors.

"The only difference between a city and a country pastor is nervous tension," said the Rev. Dr. A. B. Lentz, looking back on a ministry of a quarter of century near Plattsmouth.

Dr. Lentz has no regrets. He went on to observe that "I believe people have confidence in the man who stays. It takes a good deal of faith in the people around you. I've expected great things of them and they have always lived up to my hopes."

What a simple and clear statement of a successful ministry, and what a compliment to the character of Nebraska rural people!

## Of Things To Come

Delegates to the Mississippi Valley Association annual meeting in St. Louis were told by the assistant chief of Army Engineers, Brig. Gen. E. C. Itschner, that United States rivers some day may have toll gates.

This, it appears, is the answer to a Hoover Commission task force preparing to report to the President and Congress on development of water resources to the money spent on such projects. On existing waterways, the tolls would help pay for maintenance and operation, Gen. Itschner said, and on new undertakings, tolls would be designed to help pay off the original cost over a period of years. The proposal does not have the approval of the Corps of Army Engineers but apparently the Hoover Commission, delegated not only to give thought to reorganization of executive agencies of government but also to project what is and what is not proper government function, will open up what can develop into a top controversy.

If, for example, the same timeline were to be applied to the St. Lawrence waterway program—incidentally a program which has the blessing of the Eisenhower administration—the toll gate idea could seriously affect the anticipated benefits of cheap water transportation.

That is only one phase of resource development. Even more important is a shift in recent policy which heralds stepped-up activity in the conservation program, a matter of supreme

## Of Men And Things

By J. E. LAWRENCE

Pollster Gallup reports that the American people still are opposed to a raise in congressional pay. More than two to one of those interviewed by Gallup's investigators take a dim view of the \$10,000-a-year hike in congressional salaries which has been discussed recently.

★

Part of this opposition, we believe, can be attributed to the fact that the public is not sold on the idea that merely raising the salary will attract better qualified men to Congress. It is not salary alone which leads individuals to make sacrifices in order to contribute public service.

Hiking congressional pay from \$15,000 annually to \$25,000 provides no assurance of a new crop of candidates, men of superior ability, men better qualified than those who serve us. If there is to be a sound argument, it can be said that the inflation which exists today makes it extremely difficult for any member of Congress to meet the rising costs of living. Washington is a high-priced town, one of the highest in the country. Rentals, food costs, virtually everything the hand touches costs more in the national capital than in most American communities. Congress can make a case for itself, but it ought to scrap the old argument that more attractive salaries will draw better qualified men to public life. Most congressmen cherish the hope they will continue in office and if actually they felt that higher salaries would increase the struggle for election or re-election, chances are they would not be so eager to fatten the prize.

★

Congressional mail, however, gives the legislators some little basis for cheer. The opposition to congressional pay hikes is not nearly so vocal as it was a few years ago. The stacks of mail received by each individual member opposed to the increases have not put in an appearance.

★

The pollster discovered that while the opposition to a congressional pay increase still was strong, it was not nearly so emphatic as a few years ago. Which suggests that the country still is enjoying a measure of healthy prosperity. Before Americans get steamed up, there must be heavy unemployment, some measure of business stagnation, some real distress. We have not reached that point today.

There may be some increase in unemployment (latest figures show there is), but much of that increase is of a seasonal character and existing idleness among workers has not been the occasion for alarm. In more permanent terms, we have the notion that this matter of mounting governmental costs on virtually every level of government is yet to meet its challenge. The acid test may be two, four or more years ahead, but there is building up slowly a feeling that the ceiling is being reached, and in matters of salary and in all other costs of operation, it is impossible to go beyond that ceiling. Congress probably will vote itself the pay raise. It will do so naturally without a roll call.

★

If that takes place, then we are inclined to think the members of Congress underestimate the public's intelligence. If Congress goes ahead with its present plans of voting itself a juicy raise in pay, the one requirement it should meet is to put every individual member on record by roll call.

## Little Subversive

For fear of reprisals from the board of education a little 8-year-old Lincoln school girl shall remain nameless because she has been working hard against passage of the school building bonds within the junior set. She was overheard to say to a little friend, "I am only going to school half days now. If they build all these schools I shall have to go full days and know twice as many boys and girls. I just can't afford to buy that many valentines."

"It takes a good deal of faith," said the pastor. Well, it takes a good deal of faith everywhere—anywhere. But the Nebraska minister made the big distinction. "I have expected great things (of the people around me) and they have always lived up to my hopes."

The capacity for an abiding and deep faith has marked this Middle Western people from the days their pioneer forefathers broke the first paths across a trackless prairie and which has marked the continuous development of the region to this day. And the rural churches were and are an important part of the great saga.

It is good to learn from a man who knows that the characteristics of rural churchmanship—free from tension—of achievements continues unabated. Nebraska couldn't hear more reassuring news than that.

interest to the states in the Great North American Plains. The administration when it came into power had taken the position that until the budget had been balanced, there would be "no new starts" on projects involving storage of water, expansion of irrigation, flood control, and finally the generation of electricity. That was bad news to the region west of the Missouri where because of developing drought conditions the interest in irrigation was heightened. C. Petrus Peterson, head of the National Reclamation Association, pointed out that what was needed most was a stable, well-thought-out, consistent program of conservation of resources. Any slackening of it, any marking of time, any slashing of funds for projects under construction or projects yet to be initiated constituted a serious setback to the region west of the Missouri, and to some other areas.

That borders on understatement. Since the mid-thirties, one of the most important if not the most important development affecting the Middle West profoundly has been the program of the conservation of resources. For the first time there had been an interest in the growth and progress of this area. The practical effect of the "no new starts" policy was to punish the Midwest.

If Washington has reversed its steps in this matter, then the people of the Midwest can be thankful. Thirty years of uninterrupted internal development will do more to push the clock ahead for them than anything else that could take place. The issue raised by the Hoover task force will have to be met when the work and the recommendations of the task force are placed before Congress. For the time being, it will be wise to be on the alert.

## Credibility Needed

Every now and then a "reformed" Red who has given spectacular evidence to his fellow Americans turns out to be more dramatic than truthful.

An example suggests itself in Harvey Matusow who testified some months ago and did other service for the McCarthy Investigating Committee. Now, according to Drew Pearson, Matusow has admitted that he testified under coaching and did not always stick to the fact.

There is still an element in American justice called the credibility of the witness and it should apply to Communies as well as to always-loyal Americans. But credibility is automatically suspect in any person whose own record of switching from loyalty to disloyalty and back again is condemnation in itself.

There is no doubt many of these recanting Reds have information of value and to deliver it to the proper authorities is one way to do penance for their excursion into subversion. But it is questionable whether any of them should be allowed to dramatize themselves on such a serious subject of national security until after their stories have been investigated and cleared by careful and dispassionate examination as thoroughly credible.

## Hungry Amid Plenty

When the morning doors open and young and adult Americans stride forth into the outside world to labor one wonders what they were doing before the doors open. There is no clear research on that. But it seems there is one thing they don't do—that, is most of them. They don't eat breakfast.

This surprising fact was discovered by the California Home Economics Association which polled 1,000 high school students. And it is unusual news in a land that has the most wonderful automatic kitchens in the world, enough leisure time to eat seven meals a day, and the pressing problem of what to do with all this surplus food.

The discovery knocks into a cocked hat the theory that only the backward, have-not nations suffer from malnutrition and the afflictions stemming from weakened resistance. It seems that irregular eating results from overabundance as well as lack, and somewhere in between are the people that make the food fly.

But we suspect that gimmick in the business which the CHEA will encounter in its "Eat more breakfast drive" is that Americans no longer get up early enough to eat and don't intend to.

## Alben Still Veep To His Secretary

WASHINGTON — Kentucky's Alben Barkley, the venerable "veep," has no trouble remembering he's only a freshman senator now. But his secretary, Flo Bratten, sometimes forgets and answers the phone: "The vice president's office."

When she made this mistake the other day, a puzzled voice asked: "Whose office?"

"The vice president's office," she repeated absently. Then, suddenly remembering, she corrected herself: "Excuse me, I mean Sen. Barkley's office."

"Thank goodness, replied a relieved voice. "This is Adlai Stevenson."

Note: The last person Stevenson would want to get on the phone is the present vice president, Dick Nixon, who bitterly attacked Stevenson in the last campaign.

★ ★ ★

## ATTACK THE ATTACKERS

This writer has had several talks with Harvey Matusow, the ex-Communist who once worked for Sen. McCarthy and who says now that he helped to plant deliberate falsehoods against people accused of Communism.

First revelation that Matusow had repented and was anxious to tell the truth appeared in this column on Nov. 8, 1954. In this and other talks he made amazing statements which throw light on the tactics of the junior senator from Wisconsin. One of them was McCarthy's investigation of the press. Matusow told me that McCarthy had asked him to investigate the press.

"Why was that?" I asked. "The press in New York—the New York Times, the Herald Tribune and Time, Inc., had been attacking Sen. McCarthy, and he was sore about it and wanted to take his revenge," Matusow replied.

"Did he want to make them appear to be Communist?" "That's right. Attack his attackers by calling them Communists."

I was able to obtain records from the Communist party and Communist faction of the American Newspaper Guild dating back to the 1930's and early '40's. It was completely hearsay evidence that I was giving him, and he was completely willing to use it."

## WASHINGTON WHIRL

Now that private companies have been authorized to develop atomic power, they are offering such attractive salaries to atomic experts that they are luring some of the best brains out of government service. The joint congressional Atomic Energy Committee is worried this will set back our atomic arms program. . . . Atomic energy chairman Admiral Lewis Strauss has been boasting that he got ex-chairman Gordon Dean his push job with Lehman brothers. (Actually, the job was strictly Lehman brothers' idea.) . . . Speaker Sam Rayburn takes a five-block constitutional around Capitol plaza every day after the House adjourns, frequently accompanied by Congressman Wright Patman of Texas, Texas. "People who work indoors should get out as often as possible for some fresh air," says the speaker, perhaps thinking of the oratorical hot air he endures on the House

## DORIS FLEESON

## Parties Praise Saints And Ike Gets Formosa

WASHINGTON — It would expedite the passage of legislation and shorten the sessions of Congress if all hands would agree that the patron saints of both parties were born on a given day, for it would mean that the partisan celebrating could be gotten out of the way in one fell swoop.

As it is, Congress will be at a virtual standstill for the next two weeks while Republicans point with pride to A. Lincoln. In their turn, Democrats will stall the session in late March or early April to give themselves ample scope to extol Jefferson and Jackson.

The fact that these Democratic heroes were born within a month of each other—Jackson on March 15, Jefferson on April 13—has enabled their party to make some progress toward consolidation. Jefferson-Jackson Day dinners are now almost exclusively the practice. So is the custom of raising money at such dinners.

★ ★ ★

It so happens this year that the usual late winter congressional doldrums are probably a boon to the White House. Those tempting forums—the well of the House and the floor of the Senate—are not going to be available to possible critics during the evacuation of the Tachens Islands by the Nationalist Chinese under the protection of the Seventh Fleet.

The diplomats get a breathing space to work on the floundering cease-fire or a substitute for it. The President is as much committed to this phase of the Formosa situation as he is to the military aspect.

While they wait and wait, members of Congress have been examining their mail with unusual care in search for clues to the public's frame of mind. Their report generally is that neither the

floor . . . Following his appearance on a recent television quiz show, Congressman James P. Richards of South Carolina, chairman of the Foreign Affairs Committee, received this note from a down-home admirer: "You made a good showing for a country boy, but I've seen you do better with a chew of tobacco in your jaw." Richards wrote back: "No spittoons in the studio." . . . Statuesque ex-Senator Gillette of Iowa has hinted that he would like to come back to the Senate as chief counsel for the committee investigating the loyalty-security program. . . . Sen. Carlson of Kansas, President Eisenhower's closest friend in the Senate, has been telling friends that Ike definitely will run for a second term. (Mamie doesn't agree) . . . Indicative of the close partnership between Canada and the U.S.A., the U.S. Army Engineers are secretly mapping Canada's coasts and collecting detailed geographical information—in case it should ever become necessary for the United States to help defend Canada. A survey of Canada by U.S. Army men would have stirred up a hornet's nest a few years ago.

★ ★ ★

The House Armed Services Committee had listened wearily to Defense Secretary Charles Wilson and the Pentagon's top brass relate how re-enlistments had fallen off in the Air Force, Army and Navy. One after another the military chiefs bemoaned the morale factors that were hindering re-enlistment—low pay, inadequate housing, etc. Finally General Lemuel C. Shepherd, commandant of the Marine Corps, took the stand. Testified Shepherd: "I'm glad to inform the committee that the Marines are in excellent shape. In fact, we have no re-enlistment problem at all to speak of. Three out of every four marines are re-enlisting after finishing their terms of service. No, we in the marines have no complaint. We can live with what we have."

Remarkable freshman congressman Richard E. Lankford of Maryland: "I feel like getting up and singing 'The Halls of Montezuma.'"

★ ★ ★

## MERRY-GO-ROUND

Congressman Clair Engle of California had only one complaint to make about his recent dinner at the White House. "They gave me a big four-bit cigar," he said. "Best I've smoked in years. Can't afford them myself. Then just as I was enjoying it, they passed around the ashtrays and I had to get rid of it to go and join the ladies." . . . however, it was a wonderful dinner. . . . Engle, who is chairman of the House Interior Committee, believes there's an excellent chance of passing both Hawaiian and Alaskan statehood this year. He isn't going to hold extensive hearings. "People are quite familiar with the situation," he says, "as a result of previous hearings." . . . Ex-Senator Ed Johnson, now Gov. Johnson of Colorado, was talking to an old colleague on the phone from Denver. "If I had been in the Senate the other day," he said, "there would have been a fourth vote against Eisenhower's Formosa resolution—a vote against war."

(Copyright 1955 by Bell Syndicate Inc.)

★ ★ ★

It would appear that this silence gives consent to the President's plan as they have so far been unfolded. It is a relaxing thought for the politicians who had to go on the record on the Eisenhower resolution on Formosa.

That resolution is still known among Democrats as Eisenhower's insurance against the next war being called Eisenhower's war. They do not complain publicly but their irritation is finding expression in other ways, as in their handling of the Eisenhower appointees. It is the beginning of a personal tension which formerly did not exist between the President and members of the opposition.

Neither the Nationalists nor the Communist Chinese are helping themselves with Congress during this period.

★ ★ ★

A former chairman of the Senate Foreign Relations Committee, Tom Connally, expressed the view to which many senators adhere when he said: "The trouble with old Chiang is that he doesn't generalize enough." Sen. Byrd is one of the recent spokesmen for those who support the drawing of a line at Formosa on the basis of U.S. military advice, but see Chiang as an incidental problem. Chiang's efforts to pin down the President to written commitments on Quemoy and Matsu are deeply resented in these quarters.

The fire-eating Red Chinese are pushing the President into closer cooperation with the Nationalists than he had intended to go. Those here who would be content to see Chiang wind up as the grand duke of Formosa do not forget the American prisoners in Red hands nor will they swallow the doses poured out on the Peiping radio.

ED FITZHUGH

## Burr Is Fair Facsimile Of Spur

A daughter who thinks more of any run-down, beat-up, swayed-backed old crowbar of a horse than she does of a new dress or a prospective boy friend can be a problem.

Mrs. F. advises me that it is nothing to worry about, considering that Merrilee is only 13, and that in a couple of years I may be wishing she could concentrate more on horses. This is easy enough for Mrs. F. to say, and it may be true, but she does not have any old spurs lying around.

For that matter, I had forgotten that I had any until Merrilee unearthed them, somewhere in the attic. They are rusty and scratched, and their leather straps are cracked and stiff. They clanked when our caubour put them down in front of me. Her mouth was a disapproving line and her eyes were sharp.

"Daddy, what are those?" "You know perfectly well what those are, Gadget. They're my old spurs. I didn't know they were still around."

"I bet you just wore them for show, didn't you?" she asked hopefully.

I was not quick on the uptake. I said "Those old things? If they'd been for show, I'd have gotten something with jinglebobs and silver all over. Nope. Those were strictly for riding."

★ ★ ★

The House Armed Services Committee had listened wearily to Defense Secretary Charles Wilson and the Pentagon's top brass relate how re-enlistments had fallen off in the Air Force, Army and Navy. One after another the military chiefs bemoaned the morale factors that were hindering re-enlistment—low pay, inadequate housing, etc.

Finally General Lemuel C. Shepherd, commandant of the Marine Corps, took the stand. Testified Shepherd: "I'm glad to inform the committee that the Marines are in excellent shape. In fact, we have no re-enlistment problem at all to speak of. Three out of every four marines are re-enlisting after finishing their terms of service. No, we in the marines have no complaint. We can live with what we have."

Remarkable freshman congressman Richard E. Lankford of Maryland: "I feel like getting up and singing 'The Halls of Montezuma.'"

Mr. Moore, the expert from Spokane, says ice shows dislike to use more than 100 feet of ice. The thousands of Lincolmites who have seen ice shows know that this is absurd. Omaha's 85x207 foot rink at times was crowded with performers. Sometimes an entire cast of 70 was on the ice at one time. Now, for the ice shows we had at the state fair coliseum of recent years, the rink was so small that only a few performers were on the ice at one time due to the small rink. They acted as if they were skating on a high cliff and afraid of falling off.

Mr. Moore states that a rink 80x165 is large enough for hockey. There is no college rink smaller than 85x188 feet. As for professional hockey, such teams as the Chicago Black Hawks, New York Rangers, etc., the rinks range from 85x185 to 85x200 feet.

Let us not distort the facts. The citizens of Lincoln know what the score is. They are not that stupid.

JOHN SELL

## General Fluoridation

Lincoln, Neb. To the editor of The Lincoln Star: Who is there in Nebraska who would want one doctor to prescribe for all people the same dosage of a dangerous drug, to be compulsory, the only alternative being to move from the country? For those in the country who may have to spend some time in hospitals, hotels, or working cities, please remember that fluoridation will mean that you also are being doctored against your wishes with

Among NEBRASKA Editors

J. C. Naylor, in the Imperial Republican: "One thing, we believe is completely certain. It is not the 'they towns' nor the 'you towns' that get along well, but the 'we towns.'"

Arch Jarrell, in the Grand Island Independent: "If flowers are capable of feeling a surprise, a tulip in front of the Jarrell house has a shock coming. It started up through the top of the ground on Jan. 31 in the silly belief that spring was at hand."

A. C. Huber, in the York News-Times: "Don't know whether or not there is any consolation in it, but pick up a newspaper from most any city in the country and it will be found that school bond issues are the issues of the hour."

Sterling McCaw, in the Norfolk News: "Anyone who picks up a hitchhiker is risking his life and that of any member of his family who might be with him. It is a dangerous practice and the way to stop it is to put a legal ban on highway thumbers."

Lester Walker, in the Fremont Guide & Tribune: "One of the marks of decency and fairness in human life is a man's willingness to admit error. Sad to relate, it's a mark whose imprint appears to have become a trifle faint in this turbulent, competitive age."

"I'm ashamed of you," she stormed, "going around jabbing poor old horses with big old daggers like these. How would you like it if somebody kicked these into your ribs?"

"Those are not big old daggers," I protested. "They are really very small and dull rowels. And the only time I ever jabbed a horse with them in my life was when one tried to pitch me off in a cactus patch."

"No wonder he tried to pitch you off!"

"He tried before I jabbed him. He stopped after that."

All my explanations were useless. Merrilee, who has never ridden any but a well-trained horse,

refused to forgive. I pleaded that the passage of 20 years should have outlawed any possible crime I might have committed, but she was firm. Spurs, she said, were cruel. I ought to be taught a lesson.

I do not know where she acquired the cockleburs. I had not seen one of those, either, for a great many years. The things might even have stopped growing, for all I knew. I wish they had. A cocklebur, in case you are not familiar with them, is an egg-shaped seed pod about the size of a small peanut, with maybe five million or so short, sharp thorns sticking out all over it. I found that they were not extinct when I sat down on one at the dinner table.

"Now," said Merrilee "you know how the poor horse feels!" There was another cocklebur in my favorite corner of the davenport, which was enough of a good thing, and three more at the foot of my bed when I retired, which was three too many.

The horses, in case it interests them, have had their revenge. The spurs are buried in the back yard. Merrilee is staying at the neighbors', which was Mrs. F.'s idea. She says it is safer that way, until I become reasonable again.

## The People Speak

Editor's Note: Be brief. Limit letters to 200 words or less. Letters signed by a pen name or initials must be accompanied by writer's name and address. Letters represent only contributor's view.

## Skating Rink Figures

Lincoln, Neb. To the editor of The Lincoln Star: Mayor Jeary would like to know where we got the information that the skating rink in the proposed new auditorium is to be 80x187, as stated in our petitions which are now in circulation.

On Dec. 30, under the heading, "Expert Approves Rink Size Plan," the following was published in one of our local papers: "From the preliminary plans dimensions appear to be 152x80 with possibly five feet on the front end cut off to increase exit safety." Which figures 147x80 feet. Since petitions have been circulated, the proposed rink has been upped to 165 feet.

Mr. Moore, the expert from Spokane, says ice shows dislike to use more than 100 feet of ice. The thousands of Lincolmites who have seen ice shows know that this is absurd. Omaha's 85x207 foot rink at times was crowded with performers. Sometimes an entire cast of 70 was on the ice at one time. Now, for the ice shows we had at the state fair coliseum of recent years, the rink was so small that only a few performers were on the ice at one time due to the small rink. They acted as if they were skating on a high cliff and afraid of falling off.

Mr. Moore states that a rink 80x165 is large enough for hockey. There is no college rink smaller than 85x188 feet. As for professional hockey, such teams as the Chicago Black Hawks, New York Rangers, etc., the rinks range from 85x185 to 85x200 feet.

Let us not distort the facts. The citizens of Lincoln know what the score is. They are not that stupid.

a posion that has never in history been used or prescribed by a doctor.

Many of us do not intend to sit by and let a health board attempt to administer raw fluorides as though we were rodents. Consult your encyclopedia — fluorides decompose cold water.

Having two diabetics in our family, and now a member just four days out of surgery on a perforated ulcer, our only salvation would be to sell our property and go to a state that has upheld our federal law against such an evil as fluorides in public water.

# Pinay Starts His Cabinet Try

## ... Holds Series Of Exploratory Talks

PARIS (AP) — Former Premier Antoine Pinay went through a series of exploratory talks Monday in his effort to patch together a new French Cabinet. He was still at least a day away from the crucial make-or-break stage of the negotiations.

Pinay hopes to be able to go before the National Assembly Thursday to ask for approval. By that time he will have to have a line-up of Cabinet ministers and promises of support from about 300 deputies if he is to head up this country's 21st cabinet since liberation in 1944.

**Protocol Calls**

Most of Monday's activities were centered on protocol calls on the presidents of the Chambers of Parliament. He also stopped by to see outgoing Premier Pierre Mendes-France to get a fill-in on outstanding problems. There were talks, too, with some highly placed civil servants on financial and economic matters.

Monday night, leaders of the various political parties in the National Assembly started their round of calls at the office in the Economic Ministry where Pinay has set up headquarters. These political interviews will be the first step in determining whether or not he can count on enough support to get the Assembly's approval.

After Pinay has outlined his

plans to the heads of the parties, in their individual calls, the political leaders will go back to their groups. Each party then can make its decision, or pose conditions, which the aspirant premier may accept or reject. These complicated negotiations, which cannot be completed before tomorrow, will determine whether Pinay can expect enough backing to go before the Assembly.

**Only 135 Votes Now**

As of now, Pinay can count on only about 135 votes. All those come from his own party, the independent Republicans, Peasants, and Social and Republican Action group. These three parties are loosely allied in a conservative front movement.

The Popular Republican Movement, the followers of Gen. Charles de Gaulle and the Radical Socialists were reported holding back. Pinay will need votes from substantial portions of each to win.

In the Assembly lobbies, doubts were expressed that Pinay would be able to make it, but no one was willing to discount his chances completely. There was already talk that Pierre Pflimlin, of the Popular Republican Movement, would be the next man called on to try and that if Pflimlin failed, the next might go to Edgar Faure, outgoing foreign minister.

Pinay, a dour, 63-year-old small town tannery owner, won great

popularity in his first term as premier—9½ months in 1952—for his fight against inflation. He said on quitting then he would "never go back into that bear cage" again. But President Rene Coty was able yesterday to change his mind.

### Ruling Given On Hauling Of Alfalfa For Firms

Trucks used by alfalfa dehydrator firms to transport alfalfa cut by the companies cannot be exempted from commercial registration as farm trucks, the attorney general's office ruled Monday.

The opinion, written by Asst. Attorney General Ralph D. Nelson, said the law exempting farm trucks specifies that the "use of these trucks be wholly and exclusively in farming or ranching operations" and that "the owner must be within the classification of farmer or rancher."

Dawson County Attorney E. A. Cook III, Lexington, requested the opinion. He said the dehydrator companies contract with farmers to cut the alfalfa and then haul the processed grain in their trucks.

**Weed Meet Thursday**

The Lancaster County Weed District will hold its annual meeting at 2 p.m. Thursday at 115 P street. Dwight Lambert will speak for the state weed division. One director for the county's northeast district will be elected.

### STAN DELAPLANE'S

The easiest way to get around Europe is to buy your accommodations from a travel agent. They get their percentage from the transport companies and hotels. And they speak your language.

For \$14 in the Bahnhof at Frankfurt, Germany, I bought a one-way ticket to the ski resort of Kitzbuehel in Austria. The Bahnhof—the railway station—is the hub of most German towns. The Frankfurt Bahnhof is a great gloomy dome of a building with dozens of cigarette, souvenir and newspaper stands.

It was bitter cold in Frankfurt and commuters came running out of the Bahnhof and went sliding all over the icy street.

My train was due out on track 4 at 9:53 in the morning. And at 9 o'clock I was at American Express to see what mail might have been forwarded from London.

At this point, trouble began. There were simply no taxis running. I tipped the American Express doorman enough to put a down payment on a Volkswagen and he got on the telephone. He announced that I could have a cab in 10 minutes. Would that be all right?

I stood and stood. Finally I went back in. The doorman said he had tried to phone back that 10 minutes would be all right. Now the taxi people weren't even answering the phone.

A soldier directed me to the No. 13 streetcar two blocks away. And I made the Bahnhof just in time

## POSTCARD

to see the 9:53 pulling out on schedule.

The next train to Kitzbuehel was at 1:27. This time I made a deal with the hotel porter. He would meet me on track 4 at 1 o'clock. I went up the Friedrich Ebertstrasse, had coffee and a nut cake and kept a wary eye on the time.

At 1 o'clock, I was at the Bahnhof. At 1:15, the train was in and no porter. I was cursing myself for not knowing when luck is running out and paying attention to my own baggage, when he came running down the platform.

"In you must get," he cried. "The baggage I bring. Pay attention."

"Never mind that," I said. "You get the baggage on. I want to see it."

But he was right. By the time I got on, all the smart people had already mounted and grabbed the second-class seats.

Everybody who can find a seat travels second class in Germany, Austria and Switzerland. The point is that they are exactly the same. In the same car. The only difference is the price and whether it says "1" or "2" over the compartment.

I wound up lonely and \$4 poorer

### Zemo Great for Dry Skin Itch!

in first class. Eventually, I went back to the dining car where the waiter recommended Grog mit der Jamaica Rum. And we all sat drinking hot water and sugar with rum while the dusk came down on the snowy German countryside.

The train rushed along past frozen rivers where boys skated with hockey sticks in the fading evening light. Through villages where yellow lights came from the windows in the steep-roofed houses and people looked out as our little peanut whistle blew through the frosty night.

At Kufstein, we went through Austrian customs, a very mild inspection. And at Worgl, we all got out on the platform to change trains for Kitzbuehel.

The lady in the station stand pulled open her window long enough to say she had no Grog mit der Jamaica Rum. But she had Steinheger which she would recommend. It was white and tasted as if somebody had tossed a yard of gin into a blueberry pie.

### Nagging Backache Sleepless Nights

Often Due to Kidney Slow-down

When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 60 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

### Holmes Selected Guest Lecturer At Poetry Workshop

Lincoln Star Special

CHADRON, Neb. — Lawrence English at Chadron State Teachers College, has accepted an invitation to be the guest lecturer at the twenty-second annual Rocky Mountain Poetry Workshop to be held at Boulder, Colo., July 25 through August 12.

Holmes is editor of Poetry Public, a magazine devoted to literary criticism and the publication of selected contemporary poetry. He has been on the Chadron State College faculty since 1947.

## Even the bumps are smoother in the '55 Buick ride

To be completely honest—there are some bumps which *nothing* will level out completely.

Yet even the real rough ones turn out a lot smoother when you take them in a 1955 Buick.

And that's not just our say-so. New owners of these bright new beauties keep telling us that.

So you may wonder—how come? What's different about the Buick ride that makes it such a marvel?

The answer is—plenty.

Most cars have coil springs on front wheels only. Buick has them *all around*—and this year they're newly calibrated for even deeper smothering of jounce and jar. So here your ride is balanced, buoyant, level, serenely smooth.

Most cars drive through the rear springs. Buick drives through a *torque-tube* that takes up all driving thrust, wipes out rear-wheel wiggle and wag, steadies your going to a sure and solid track.

And no other car in all America has these great comfort extras *plus* the backbone of a massive X-braced frame *plus* both direct and lever-type shock absorbers to snub after-bounce *plus* a

special front-end geometry to stabilize "cornering" *plus* tubeless tires on extra-wide rims for softer riding and greater stability.

Surely, you owe it to yourself to *try* this great Buick travel, just to judge things for yourself.

You'll find it the nearest thing to velvet on wheels—and made even more so by the silkiness of record-high V8 power and the absolute smoothness of Variable Pitch Dynaflo.\* Come visit us this week—for sure.

\*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

## CIO, AFL Merger Said Possible In '55

## Administrative Problems Left, Says Beirne

OMAHA (AP)—The president of the CIO Communications Workers of America said Monday a merger of the CIO and AFL "is not only desirable and necessary but is possible" this year.

Joseph A. Beirne pointed to "concrete action" in the leaders of the two organizations getting to the "conference table" stage.

Beirne told a press conference "the basic difference that caused the split, industrial unionism, is now an accepted part of the economy. What remains to be worked out are mostly administrative problems."

## Mid-Winter Meet

Beirne was in Omaha to attend the regular mid-winter meeting of the CWA national executive board starting Tuesday and continuing through Friday.

It will be concerned mostly with internal affairs except for the 1955 collective bargaining program he said.

"I believe I am safe in predicting that the executive board will reaffirm last year's convention action to seek a general wage increase."

## Six-Hour Day

He said the union also plans to seek a six-hour day for traffic workers such as switchboard operators.

The union is taking this action he said, because the president of American Telephone and Telegraph recently said that by 1965 the communications industry will be 95 percent mechanized.

"That means it is high time indeed that management begins to find an answer to the displacement caused by machines," Beirne declared. "We don't propose that the six-hour day for traffic is an all-embracing answer, but we do think it is part of the solution."

The proposal, he said, would mean a work week "not to exceed 30 hours."

## Nebraskans Will Keep Busy With Lincoln Day Talks

WASHINGTON (AP)—Lincoln Day speeches are going to keep Nebraska's congressional delegation busy this week.

Sen. Hruska speaks in Montana, at Lewistown Wednesday, Helena Thursday, Bozeman Friday and Shelby Saturday.

Sen. Curtis has been giving Colorado dates, at Boulder Thursday and Denver, Saturday. He plans to spend several days in Nebraska before returning here.

Rep. Weaver speaks at Denton, Md., on Thursday and at Newton, N.J., Saturday. Rep. Miller is scheduled for Parkersburg, W. Va., on Thursday.

Harrison Goes West  
Rep. Harrison heads far west to Washington and Oregon. He talks at Richland on Wednesday, Yakima on Thursday, Seattle on Friday and Walla Walla on Saturday, then drops down to Albany, Ore., on Sunday.

The Republican National Committee has assigned former Sen. Hazel Abel (R-Neb) to make a Lincoln Day speech at a luncheon in Kansas City, Mo., Saturday.

Schultz Renamed Head Clay Extension Board  
CLAY CENTER, Neb. — Harold Schultz of Harvard was re-elected president of the Clay County Extension Board.

Other officers are Mrs. Vernon Yost of Edgar, vice president, and Ward Fitzke of Glenvil, secretary-treasurer.

New Clinic Completed At Utica

This new brick structure at Utica houses the community's two doctors and dentist. The

## Utica Doctors Move Into New Clinic, A Community Project

Lincoln Star Special  
UTICA, Neb.—The doctors in this community have moved into the newly completed medical clinic here.

Dr. Wilmar Kamprath and his wife, Dr. Coll Kamprath, who came to Utica to set up a practice last August, will occupy the 10-room clinic. Dr. W. J. Korb, longtime Utica dentist, will also have his office in the new clinic.

Construction on the building was started last fall. Financing of the clinic was carried out through the efforts of a community-wide project. Stocks were sold to raise funds for the building and has been handled by members of a local

## Omahan Found In Dugout Dies

OMAHA (AP)—Hermit Eliandson Rosebard, 74, who was found last Tuesday suffering from exposure and malnutrition, died in County Hospital.

A milkman had discovered Rosebard unconscious in the unheated dugout which apparently had been his home for 40 years.

County officials said so far no relatives have been found.

## Blanket Suffocates Omaha Baby Girl

OMAHA (AP)—A month-old girl, found suffocated on a davenport where she slept, apparently was smothered by a blanket, acting coroner George Sullivan said.

The baby, Gale Marie Robinson, was found by her mother, Mrs. Rosie Robinson, police said.

## Grand Island Gets \$47,478 Payment As Aid To Schools

WASHINGTON (AP)—The Department of Health, Education and Welfare has certified \$47,478 for immediate payment to the Grand Island, Neb., Board of Education for aid to schools.

Grand Island also is entitled to as much as \$25,535 more during the year ending June 30 for school aid.

## Co-operatives Value Told By Wilbur Jenny

OMAHA (AP)—Meetings preliminary to the 42nd annual convention of the Nebraska Farmers Union opened Monday with a report from Wilbur M. Jenny, general manager of the Farmers Union State Exchange.

Jenny said farm income was down about 4 percent in 1954 and commented: "It is my opinion that the loss in cash from income could have been made up through co-operative procurement of essential farm supplies."

"If we just could apply the know-how that we have acquired in operating farm co-operatives we could increase the efficiency of local co-operatives to keep pace with the efficiency of agriculture itself," he added.

The Farmers Union meeting itself begins Wednesday.

## Bank Scholarships Are Again Offered

OMAHA (AP)—The Federal Land Bank of Omaha once more will offer eight \$300 scholarships to high school seniors entering agricultural college this fall. H. A. Viergutz, land bank president, said.

The program sponsored by the land bank on behalf of the 167 National Farm Loan associations in the district will provide two scholarships for students in each state of the district—Iowa, Nebraska, South Dakota and Wyoming.

The purpose of the scholarship program is to encourage boys of outstanding ability to continue their education in agriculture, Viergutz said.

## Country Pastor Prefers Quiet, Non-City Life

PLATTSMOUTH, Neb. (AP)—"The only difference between a city and a country pastor is the nervous tension."

That's the opinion of Dr. A. B. Lentz, pastor of Christ Evangelical Lutheran Church near Plattsmouth for the last 25 years.

"Out here, the telephone isn't ringing all the time," he says.

Dr. Lentz blames the closing of many country churches on the desire of some pastors to move on to the city.

"But I believe people have confidence in a man who stays," he says. "It takes a good deal of faith in the people around you. I've expected great things of them and they've always lived up to my hopes."

## Buffalo Pays Surprise Visit To Chicken Pen

NORTH PLATTE, Neb. (AP)—The buffalo in the L. J. Burk farm chicken pen caused something of a stir before he was taken home.

Home, it turned out, was a nearby farm where he was spending the winter. The animal, four feet tall and rather small for his species, belongs to a North Platte souvenir shop and had wandered off, ending up at the Burk farm.

## Mild Winter Day Slated To Midwest

While snow is forecast Tuesday for the Appalachians and the northern tier of states from the Great Lakes to the northern Rockies and showers are expected in Florida and along northern Pacific coasts, generally fair weather will prevail elsewhere according to the Weather Bureau. Colder weather is predicted for the northeast, the Middle Atlantic states, the northern Plains and the northern Rockies and milder conditions are forecast for elsewhere. (AP Wire-photo Map.)

## State Briefs: Walling To Head Albion Chamber

ALBION — New president of the Albion Chamber of Commerce is Harry Walling. Joe Wilson is vice president and R. T. Flo-tree, secretary. Retiring president is Don Hudson.

ORLEANS — Bernard Hesemann was re-elected chief of the Orleans Volunteer Firemen. Doyle Miller is the new assistant; B. B. Stansburg, captain; Max Keim, secretary; and Paul Ott, president of the Rural Fire Protective District.

HASTINGS — E. James Kula has been appointed deputy county attorney for Adams County by County Attorney Melvin K. Kammerlohr. A native of Alliance, Kula, 24, came to Hastings from Fullerton. He was graduated from Creighton University School of Law.

BATTLE CREEK — Alvin Gross of Lindsay was re-elected chairman of the Madison County Extension Service board. Other officers are Lloyd Avery Sr., Meadow Grove, vice chairman; Mrs. Kenneth Berg, Meadow Grove, secretary; and Mrs. Richard Bierman, Norfolk, treasurer.

SCRIBNER — Edgar Havekost, Melvin Armstrong and John Peterson were re-elected directors of the Scribner Chamber of Commerce for two-year terms at the annual meeting. Retiring directors are Ernest Hass, Harry Hummel and Lee Burkink Jr.

BLAIR — Percy Blair, who has headed the Blair Police Department for the past three years, has resigned. He has announced no future plans.

## Cornhusker Caravan Displayed To 3,000 During 5-County Visit

Nearly 3,000 persons saw the Cornhusker Caravan last week during its visit to five counties even though attendance figures were severely cut by snow at Sutton and Superior. The Caravan will visit a total of 20 eastern Nebraska counties this month.

Last week, the large traveling agricultural exhibit visited York, Fillmore, Thayer, Nuckolls, and Clay counties. This week the Cornhusker Caravan was on display in Merrick County at the 4-H Community Building in Central City on Monday; Nance County at the High School Auditorium in Fullerton on Tuesday; Boone County in Municipal Auditorium in Albion on Wednesday; Antelope County in the Roller Rink at Neligh on Thursday; and Knox County in the City Hall at Creighton on Friday.

Five Sections  
All during the week, farm and urban folks attended the Caravan, studied the informative exhibits, and visited with specialists from the Agricultural Extension Service about the many problems associated with farming and home-making.

Interest ran high in each of the five sections of the Caravan — solving livestock problems, better crops, more profits, planning student opportunities for students attending the University of Nebraska College of Agriculture; and 4-H and young men and women organizations.

Kitchen Popular Exhibit  
One of the more popular exhibits was the full-scale kitchen which is a part of the planned storage for easier housekeeping section of the Caravan. Several homemakers brought their husbands to this phase of the exhibit to show them the latest developments in kitchen arrangement. One couple who are building a new home plan to pattern their kitchen after the one with the Cornhusker Caravan. An other young man in the process of building a modern kitchen made a special trip back home for his mother so she could see the im-

Fair Employment Bill Deferred 2 Weeks

... Hearing Draws Biggest Crowd So Far; Only Six Oppose Measure

The Legislature's Labor Committee decided Monday to have a look at New York's fair employment law before acting on the bill introduced here this session by Sen. John Adams of Omaha.

The committee deferred action until Feb. 21 on the Adams bill.

Monday afternoon's hearing on LB 7 attracted a standing-room only crowd to the East Senate Chamber for the first time this session. Many of the spectators had come by chartered bus from Omaha.

Only six persons, four of them speaking for the Associated Industries of Nebraska, opposed the measure. Even they voiced approval of the fair employment principle and deplored discrimination, but they contended LB 7 is "unreasonable and unjustified and an invasion of the rights of the private citizen."

**'Civil Right'**

LB 7 says, "The opportunity to obtain employment without discrimination because of race, color, religion, national origin, or ancestry is hereby recognized as and declared to be a civil right."

"The church has declared for it. All the earth has declared for it," Sen. Adams asserted.

The only reason for unfairness in employment is "biased, money-seeking politicians," he charged.

Kaplan said 12 states now have such legislation. And 35 cities in states which do not have such a law have written the principle into their ordinances.

**Ruptured Men**  
**Get \$3.50 Gift**  
**for Trying This**

Kansas City, Mo.—Here is an improved means of holding rupture that has benefitted thousands of ruptured men and women in the last year.

Inconspicuous, without leg straps, elastic belts, body encircling springs or harsh pads, it has caused many to say, "I don't see how it holds so easy. I would not have believed, had I not tried it."

So comfortable — so easy to wear—it could show you the way to joyous freedom from your rupture trouble.

You can't lose by trying. It is sent to you on 30 days trial. You receive a \$3.50 special truss as a gift for making this trial.

Write for descriptive circular. It's free. Just address Physician's Appliance Company, 6629 Koch Bldg., 2906 Main, Kansas City 8, Missouri.

But do it today before you lose the address.

The proposed bill "simply spells out the Golden Rule," the Rev. S. H. Lewis of Omaha declared.

Ole Johnson, Omaha, representing the CIO, said members of minority groups are unable to find temporary employment when laid off from their regular jobs.

Speakers from Lincoln in support of the bill included Msgr. R. J. Collins; Robert Cohen, metal company official who said his

Federal Rail Labor Act:

State Supreme Court Ruling Sought On Constitutionality

The Nebraska Supreme Court, Monday was asked to rule on the constitutionality of the amendments to the Railway Labor Act passed by Congress in 1951, permitting union shop agreements in interstate railway commerce.

Attorneys for both the American Federation of Labor and a group Union Pacific Railroad employees opposing a union shop pact agreed in oral arguments here that the federal act supercedes the Nebraska "right to work" law.

However, Edson Smith, Omaha attorney representing the anti-union shop workers, told the court that the act is invalid under the U.S. constitution, preventing its preemption of the state law.

Lester P. Schoene, Washington, D. C., counsel for the union, said the legislation of Congress to permit union shop agreements was a policy making matter and did not enter the field of constitutionality.

The U.S. Supreme Court has not yet been brought into a case involving the constitutionality of the 1951 congressional action.

The Nebraska case is the ninth in a list of railway union shop cases heard in lower courts, both federal and state. Seven of the eight previous decisions have held that the act is constitutional.

Action was brought by a group of Nebraska Union Pacific employees when the railroad and the AFL signed a union shop agreement providing that workers must join the union within 60 days of employment or lose their jobs.

The workers contended that the contract was in violation of Nebraska's "right to work" constitutional amendment prohibiting union shop agreements and sought to enjoin the execution of the contract.

Former Douglas County District Judge Jackson B. Chase, now a Republican member of the U.S. House of Representatives, issued the injunction but declined to rule on the constitutionality of the federal act. He held that the 1951 railway act does not supersede the Nebraska constitution.

**Union Appeal**

The railway employees department of the AFL then appealed to the State Supreme Court.

"Congress itself has the initial responsibility for observing the limits of the constitution with the judicial presuming the validity of the constitutionality," Schoene told the court here.

"Many courts have held that the policy-making powers rest with Congress," he added.

Smith contended that the act violates the U.S. constitution in its "positive action" permitting union shops. He said it was in violation of the first amendment giving freedom of association and the fifth amendment providing for due process of law.

"There was no need for this statute," he declared. "It is unreasonable, arbitrary, and capricious."

He added that congressional power to legislate interstate commerce is not involved because the act would not tend to eliminate commerce-disrupting strikes.

Schoene said the due process of law argument does not apply because the Congress "did not require the union shop agreement to be made. It merely opened the door to collective bargaining. That is not the action of the government."

**FRATERNAL CALENDAR**

company does not discriminate in hiring its workers; Rabbi Harold Stern; and the Rev. I. J. Domas, Unitarian minister who told of the experience in Massachusetts and Georgia.

Mrs. Robbie Davis of Omaha, for the American Council of Human Rights, said she spoke for Nebraskans who had left their home state because of discrimination in employment.

**'Not Limited'**

Henry Washington of Grand Island said the problem was not limited to Omaha and Lincoln.

Earl Luff, Lincoln steel company head appearing for the Associated Industries, said no one quarrels with the principle of fair employment, but added, "Evil in the hearts of men cannot be legislated out."

Merle Jones, Beatrice manufacturer, said any implication his group opposed fair employment was untrue.

"We favor an educational approach as opposed to the legislative," he declared.

**'Too Much Power'**

Nate Holman of the Associated Industries, Lincoln, said the bill "permits the employee to choose the employer, but does not permit the employer to choose the employee."

He asserted it gives the State Department of Labor power to investigate, prosecute, and act as judge and juror.

H. L. Van Amburgh, vice president of the Omaha stockyards, said he appeared "in behalf of a minority group, the Nebraska business man." He predicted the problem "will work itself out as Americans become more educated and accustomed to living together."

Others speaking against the bill were John Cleary, Omaha, for the Nebraska Small Business Men's Association; and Robert Guenzel, for the Lincoln Committee of Fair Employment.

**Science Learns How To Stop Asthma Attacks**

Doctors Find New Tiny Tablet Gives Relief In Minutes... Lasts For Hours!

New York, N. Y. (Special) — Medical science has developed a new, tiny tablet that stops asthma attacks... and gives hours of freedom from recurrence of painful asthma spasms.

Authoritative medical tests have proved that this remarkable compound brings blessed relief in mere minutes... relief that lasts for hours.

This fast-acting formula is prescribed more than any other by doctors for their private patients. And now asthma sufferers can obtain this formula—without prescription—in tiny, easy-to-take tablets called **Primatene**.

New Primatene helps relieve asthma spasms these important ways: (1) opens bronchial tubes so that breathing is natural; (2) loosens mucous congestion; (3) relieves taut, nervous tension.

All this without taking painful injections, and without the inconvenience of nebulizers.

The secret of Primatene is that it combines 3 medicines found most effective in combination for asthma distress. Each medicine performs a special purpose.

Primatene is available at all drug stores. The price is only 98¢ for a bottle of twenty-four tablets. And remember—if not entirely satisfied, your money will be refunded promptly.

So look forward to sleep at night and freedom from anxiety by day. Get Primatene, today!

Hastings Firm Surrenders Loan License

The General Credit Corporation of Hastings, a loan firm, has surrendered its installment loan license, State Banking Director J. F. McLain reported Monday.

Hearing on the State Banking Department's notice to the firm to show cause why the license should not be revoked had been scheduled for Monday but the voluntary surrender of the license made the hearing unnecessary.

In a notice of hearing released Jan. 19, the Banking Department said investigation had indicated repeated violations of the state's small loan act. Eleven specific counts were listed.

In an agreement with the Banking Department and attorney general's office, dated Jan. 3, the firm agreed to turn over to a trustee certain papers and monies in connection with some of its outstanding loans. Any of these loans found to be in violation of the small loan act then would be cancelled, according to the agreement. Under Nebraska law, a loan made in violation of the small loan act is cancelled in favor of the borrower.

The exact amount of loans cancelled has not been announced. As of Sept. 12, 1954, date of an audit, the unpaid balance of these loans was \$281,214 but not all of these loans were subject necessarily to cancellation, McLain said.

The firm's business other than the installment loan business is not affected by surrender of the installment loan license, McLain said.

Arrangements to surrender the license were completed in a visit to the statehouse of James Conway, Hastings attorney representing the firm, McLain said.

Nebraska National Life Insurance Co. Re-Elects Graves

L. H. Graves Jr. was re-elected president of the Nebraska National Life Insurance Co. at the annual stockholders meeting here Monday.

Other officers, all re-elected, are Lester F. Hall, executive vice president; M. E. Gregory, secretary-treasurer; C. D. Casper, assistant secretary-treasurer; and M. J. Tomlinson, assistant secretary.

Also re-elected to the board of directors were E. V. Wiedman and B. A. Casper.

An increase of assets was shown of 17.85 per cent with an increase in surplus to policyholders of five per cent.

Insurance in force reached an all-time high of \$10,300,000.

The stockholders decided that no dividend be declared to stockholders this year and that the profits be used to expand Nebraska National Life during 1955.

The dividend scale to policyholders was continued on the same basis as in the past.

Gasoline Stolen

Sullivan Transfer at 301 No. 8 reported 18 gallons of gasoline stolen from one of their truck-trailers. Also missing was five feet of air hose used to siphon the gas from the truck's tanks.

**ALL GREEK**

DALLAS (AP)—The burglars who stole 100 phonograph records from the home of Mrs. C. F. Hadsell had better be hep to Greek, too. Lyrics of the records are all in Greek. Mrs. Hadsell told police Monday in reporting the burglary.

**EVERSHARP** INTRODUCES

Small Ball writing

NOW! you can write a fine line twice as easy...twice as long because the ball is half the usual size!

For more than 20 years, pen makers have been trying to develop a ball point pen with the fine line writing quality of expensive nibs. Here it is! The secret is the tiny, precision-made ball, plus Eversharp's own spring-cushioning action that floats the ball for tireless writing.

THE BALL IS HALF... THE USUAL SIZE

writes a fine line even on a blotter!

You write twice as long without refilling because the tiny, precision ball releases ink evenly, finely, without waste... and, of course, its small size cuts friction in half. Lets you write effortlessly.

Transparent cartridge tells you when to reload

FULL TIME TO BUY A REFILL

Only EVERSHARP uses famous instant drying Inca Inks, yet refills cost just 50¢. (Your choice of brilliant colors.)

EXCLUSIVE DOUBLE-PROTECTION CLIP! Press here to slip easily in pocket. Point retracts automatically. Stays safely locked in—no chance of staining clothes. Try it! Then compare it with clips on other pens at any price!

**EVERSHARP**

Small Ball

\$1.95 F. E. TAX INCL

**DICK'S PEN SHOP** has the new **EVERSHARP** Kimberly "Small Ball" because the ball is half the usual size, it—writes a fine line twice as easy—twice as long

Eversharp... pioneers in ball point writing—now brings you the sensational new Eversharp "SMALL BALL"—the pen with more exclusive features than all other ball point pens combined!

**NEW PROTECTO CLIP**... locks point in when pen is carried in pocket—so no more soiled clothing.

**NEW TRANSPARENT CARTRIDGE**... tells you when to reload—and you can be sure it uses all the ink.

**NEW "FLOATING POINT"**... automatically adjusts to your own writing pressure. Puts an end to writing fatigue.

**NEW MIRACLE INK**... gives you smoother writing—with never a blurred line or filled in letter.

**HELPFUL HINTS** About Long Distance Calls

Operators dial over one-third of your long distance calls straight through to distant telephones.

Long distance calls go through faster if you give the operator the number you are calling and details of the call in the proper order.

Like this:

1. Distant city.
2. Distant telephone number.
3. Wait until she asks for your number.

(She will then put your call through)

(Note: If you don't know the distant number she will obtain it for you. Then jot it down for the next time.)

**The Lincoln Telephone & Telegraph Co.**

# House Committee Ends Hearings On President's Tariff Program

...Demo Predicts Watered Down Bill

WASHINGTON (INS)—The House Ways and Means Committee ended public hearings Monday with a sharp clash over President Eisenhower's tariff program and headed for a closed-door showdown over extending the Reciprocal Trade Agreements Act.

The powerful House group is scheduled to begin executive sessions Tuesday at 9 a.m. CST, to start writing the legislation and the presidential requests are expected to encounter stiff opposition.

Mr. Eisenhower asked Congress to extend the law for another three years and to broaden his authority to carry out tariff cuts as a means of encouraging world trade.

A top Democratic leader, who asked that he not be identified, predicted the committee will water down the administration bill before sending it to the floor.

The antagonisms engendered by the legislation was underscored at the final session when two Republican committee members engaged in an acid dispute with Charles P. Taft, brother of the late Sen. Robert A. Taft (R-Ohio).

Rep. Daniel A. Reed (R-NY), senior minority member on the committee, and Rep. Richard Simpson (R-Pa.), attacked Taft for his testimony on behalf of the more liberal Trade Agreements Act.

Misled Taft told the committee that officials of General Electric and Westinghouse misled the committee in testifying against the legislation.

Reed snapped back that Taft was trying to "belittle" American businessmen and Simpson asserted that the committee for a national trade policy which Taft heads is a "propaganda organization."

In a prepared statement, Taft said: "If we insulate ourselves

from the impact of foreign competition, the smugness and dry rot of protective industry will sap our strength without our being aware of the process."

## Uni Place Club Urges Action On Washed Out Span

The University Place Businessmen's Club has requested that the City Council step up its timetable for construction of a new bridge over Dead Man's Run at 52nd and Francis.

The bridge was washed out in a flood a number of years ago. The city had the replacement scheduled for the 1955-56 fiscal year.

Speaking for the Club, George Knight stated that the bridge was needed to give another access route into the University Place Park. Now, Knight said, all traffic must enter the park from 48th.

The need for another access road will be even more acute, he said, when the new swimming pool is completed.

In 1952, Alvord-Burdick & Howson of Chicago in a flood control report for Lincoln estimated the cost of replacing the bridge at \$27,000.

The Club also asked that additional traffic signal lights be placed on 48th at Adams, Madison and possibly other intersections.

### Records Asked

NEW YORK (AP)—John Jacob Astor moved in court to get the records of a hotel and its manager's testimony on "acts and conduct" of his wife while a guest at the hotel. Mrs. Dolores Fullman Astor has brought a separate maintenance suit in Miami, Fla., against her wealthy husband.

### Lasting Relief for PILE PAIN:

CLINIC-TESTED

Thornton-Minor Ointment

You feel soothing comfort so fast, too. That's because Thornton-Minor Ointment is a complete formula with fast-acting, long-lasting special ingredients to check itching, burning, pain and help reduce swelling. Ointment or suppository form, only \$1.00. Ask for it at any drug store but insist on genuine Thornton-Minor Ointment.

### Group Celebrates 50th Anniversary

The Ladies Society of the Brotherhood of Locomotive Firemen and Engineers celebrated its fiftieth anniversary with a dinner at the IOOF hall attended by about a hundred persons. During the dinner, Anna McGraw (right), received a 50-year diamond membership pin from Leila Zalman.

## City Passes Two Water, Sewer Plans

Two ordinances have been approved by the City Council on third and final reading and another five introduced for first reading. They are:

**Passed on Third Reading**  
Creation of a water district in Lexington, Francis and Martin from 51st to 30th; 51st, Martin to Lexington 50th, Holdrege to Francis 57th, Holdrege to Aylesworth and Francis to Lexington; and 58th, Aylesworth to Lexington.  
Creation of a sewer district in Martin and Colby, 51st to 50th and Aylesworth to Lexington from 50th to 35th.

**Introduced**  
Creation of a graving district in Fairfield, 9th to 12th.  
Creation of a paving district in Greenwood, 51st to 52nd.  
Creation of a paving district in 38th, F to F, 39th, D to F; and F, 38th to 39th.  
Creation of a sewer district in 39th, D to F; and from 39th to 38th between E and F.  
Creation of a water district in F, 38th to 39th; 38th, E to F; and 39th, D to F.

## Woods Memorial Park Name Liked

The City Council has sent with its blessing to the park and recreation board a proposal for the naming of the Rogers Tract at 33rd and O the Woods Memorial Park.

The proposal was made to the Council by the Knife and Fork Club. The tract was deeded to the city by Mrs. George Hippe Rogers and the money for the purchase given the city by the late Frank H. Woods.

The proposal was sent to the advisory board with the statement that the Council "likes it."

## Petition Protests Against F Detour

A petition bearing 150 signatures has been submitted to the City Council by John Hergenreder in protest to the city's proposed use of F and 1st as detours for traffic during construction of the West O viaduct.

The petition states that a much better route would be to use J and 2nd streets. Hergenreder stated he could give 10 reasons against every one the city could give for the use of 1st and F.

## New Review Requested On Power Pact

WASHINGTON (INS)—Democrats battling the Dixon-Yates power contract asked the Securities and Exchange Commission Monday to return the controversial pact to Congress for a new review.

Chairman Clinton P. Anderson (D-NM), of the House-Senate Atomic Energy Committee made the request after the SEC refused to reopen its hearings for further arguments against the financing of the power deal.

In a letter to SEC secretary Orville L. Dubois, Anderson said the contract could be transmitted to the committee after SEC rules on the plans of the Dixon-Yates combine to raise 107 million dollars for a new power plant at West Memphis, Ark.

### Not Complete

Anderson contended that the joint committee's action last November in allowing the contract to go forward without a 30-day waiting period was contrary to the intent of Congress because the pact was not a complete document.

He said that SEC approval or disapproval of the financing arrangements and the receipt of the actual financing agreements had not yet been consummated when the committee, then under Republican rule, took its action.

Anderson said he felt that "the joint committee's scrutiny of this type of contract was intended to be the last condition to be fulfilled before the contract became effective."

## More Comfortable Earing FALSE TEETH

Here is a pleasant way to overcome loose plate discomfort. FASTEETH, an improved powder, sprinkled on upper and lower plates holds them firmer so that they feel more comfortable. No gummy, soapy, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug counter.

## Firemen's Poll Checks Social Security Ideas

City firemen will be polled for their opinions relative to being placed under social security rather than operating under their own pension plan.

The poll is the result of City Council efforts to end the current pension discussion. Lincoln policemen have sponsored a bill in the State Legislature to nearly double all benefits under the current police and firemen pension law.

A single retired man from either force would receive \$70 a month under the present plan.

The bill also proposes to increase from \$2,500 to \$3,600 the amount of annual salary on which employees pension deductions are made.

Figures presented to the Council showed the city spent \$89,600 on pensions last fiscal year, \$87,000 to firemen and \$2,600 to policemen. The city's social security payments were over \$40,000.

Attorney Jack Devore who has represented the policemen will conduct the poll. The survey will also cover the question of submitting the increased pension proposal to a vote of the people.

### First Adoptions

LOS ANGELES (INS)—Two orphaned baby girls from Korea were welcomed by their foster mothers in Los Angeles Monday to become the first Korean GI babies to be adopted in the U.S.

Baby Ruth, 2½ years old, was adopted by Mr. and Mrs. Robert Nace of Halifax, Penn., and Baby Orpha, 2, was adopted by Mr. and Mrs. Robert Hebben of Springfield, N.Y.

## Fluoridated Water Drunk By 20 Million In U.S.

CHICAGO (AP)—The president of the American Dental Assn. Monday night reported a growing number of communities are fluoridating their drinking water.

Dr. Daniel F. Lynch of Washington, D. C., said more than 20 million persons in 1,041 communities now have fluoridated water.

The chemical is added to the water to help protect teeth against decay.

Dr. Lynch, speaking before the Chicago Dental Society, asserted: "Each charge against fluoridation—no matter how far-fetched it might sound—has been carefully and scientifically studied. Without exception, the charges have melted away under the harsh light of scientific investigations."

# NEWS AROUND TOWN

SCoured the town, thumbed through our little red book and found lots of nice news — for some future date. The spring is to be a very gala affair, what with a variety of people going to a variety of places — and we're looking forward to some most interesting betrothals — and of course — spring weddings.

But our failure to come with anything devastating in the way of news this morning, doesn't mean that the social world is at a stand-still — In fact there are some gay events dotted through the current week the finale of which is the wedding of Miss Bobbie Russell and Lt. Richard Spangler at the Church of the Holy Trinity, Episcopal, on Saturday evening — followed by a reception at the University Club.

AND while we give a thought to Miss Russell and Lt. Spangler we're looking at Wednesday's calendar which tells us that Miss Russell and her fiancé

## Announces Date Of Wedding

When Miss Carolyn Roxberg entertained at luncheon the past week-end, we hear that she announced the date of her marriage to Paul Jordan. The wedding is planned for Friday, June 10.

At the luncheon, which took place on Saturday at Hotel Corn-

husker, were (left to right) Miss Pat Roehrkaase, Miss Gail Katske, Miss Barbara Martin, Mrs. C. G. Roxberg, mother of the bride-elect; Miss Diane Morgan — Miss Roxberg, the bride-elect and hostess; Miss Betty Sorenson, and Mrs. William Barrett

Maude. Mrs. Maude, as you know, is the former Marilyn Pedersen.

MENTION of travelers reminds us that Mrs. Carl Weil is planning off this week for Houston, Tex., where she will be the guest of relatives for three weeks.

AND someone told us that Mr. and Mrs. Max Lehman are head-quartering at the ultra-fashionable Fontainebleu Hotel in Miami Beach, while Mr. Lehman attends a convention.

ARRIVING home on Monday were Mrs. O. V. Calhoun and her son, David, who returned home from a west coast holiday.

Mrs. Calhoun left for San Francisco and a visit with her daughter, Miss Mary Lou Calhoun, who is a student at Stanford University, in mid-January. From San Francisco Mrs. Calhoun went to Los Angeles where she was joined 10 days ago by her son. After a few days in Los Angeles the travelers returned to San Francisco for a stay of several days before returning home.

SATURDAY night is "Juke-Box" night for the members of the Safari Dancing Club who will be dining and dancing at Corner Terrace — Planning the party, which has a juke box

## Faculty Women To Entertain At Luncheon

Members of the Faculty Women's Club will be entertained on Wednesday when the members of the Faculty Newcomers Club entertain at a 1 o'clock luncheon at the Student Union.

sented by Mrs. Louis Trycinski, sent by Mrs. Louis Trycinski, pianist, and Mrs. John Blyth, vocalist, will be followed by an accessories fashion talk by Mrs. James Farnsworth.

The program committee for the Wednesday affair is headed by Mrs. Everett Peterson who will be assisted by the officers of the Faculty Newcomers Club, including Mrs. Warren Englehard, Mrs. Francis Haskins, Mrs. Robert DeWitt, Mrs. Robert E. Adams, Mrs. Harry P. Shelley, Mrs. Lyle E. Young, Mrs. Kris Kristjansson, and Mrs. D. F. Burzlaff.

theme, is a committee composed of Mr. and Mrs. Charles Bartlett, chairman; Mr. and Mrs. Paul Burden, Mr. and Mrs. Robert Gage, Mr. and Mrs. Robert Gorham, Mr. and Mrs. Jack Heilman, Mr. and Mrs. Francis Minard, Mr. and Mrs. Robert Perry, Mr. and Mrs. Sam Schwartzkopf, and Mr. and Mrs. John Snow of Omaha.

LEARNED just now that Miss Maizie Cox, daughter of Mr. and Mrs. Henry M. Cox, who is a sophomore at Agnes Scott College, DeCatur, Ga., will be appearing before the footlights on Wednesday evening when the Agnes Scott College dance group presents the ballet, "The Three-Cornered Hat."

## Garden Club Board Meeting

The members of the Board of Governors of the Garden Club of Lincoln will hold a planning session on Wednesday evening, Feb. 9, in the Snell Room at the YWCA.

## The Stork Club

## Marriage Solemnized

At a double ring ceremony high took place Sunday afternoon, Jan. 30, Miss Mary Ivy Frogue of Lincoln, daughter of the late Mr. and Mrs. Virgil Frogue of Elkton, Ky., became the bride of Dan LeRoy Umphenour, son of Mr. and Mrs. C. J. Emphenour of Beatrice. Arrangements of white gladioli and greenery, and lighted white candles, appointed the chancel of the First Christian Church at Beatrice for the service, which was solemnized by the Rev. Hubert Sias.

The wedding music was played by Mrs. Robert Bagby, organist, who also accompanied Mrs. Beulah Peck of Lincoln, the vocal soloist.

Frocked identically in crimson nylon net over taffeta were the matron of honor, Mrs. Richard Miyoshi of Lincoln, and the bridesmaids, Miss Charlotte Salts and Miss Adele Maschmeier of Beatrice who carried nosegays of white chrysanthemums and wore tiaras of the blossoms in their hair. Miss Kathy Parrott of Lincoln was the flower girl, and the ringbearer was Teddy Joe Johnson.

The bride was given in marriage by W. G. Fulton of Lincoln, and appeared in a gown of white lace and satin. Long, fitted sleeves and a flaring Queen Anne collar accented the molded bodice of lace, and beneath the snug waist, the satin skirt flared into fullness and extended into a train. Her illusion veil was held by a bonnet brim of lace, and she carried a white Bible marked

MRS. DAN UMPHENOUR

with a single lavender orchid. Eugene Turney of Lincoln, served his cousin as best man, and seating the guests were Kenneth Johnson of Beatrice and Richard Rumbolz of Lincoln.

Following the 4 o'clock ceremony, a reception was held in the parlors of the church.

Mr. and Mrs. Umphenour will make their home in Lincoln where the bride is employed and where Mr. Emphenour is completing his studies at the University of Nebraska. He is a member of Delta Sigma Pi fraternity.

## Randolph PTA Fun Night

General chairmen for the Randolph PTA annual Fun Night program, which will be held Friday evening at the school, will be Mr. and Mrs. Frank W. Andrus, Mr. and Mrs. Jack Edling, Mr. and Mrs. Ray Hoyer and Don Rearden.

Opening at 6 o'clock with a family supper in the school lunch room, the program will feature a Hit Parade Carnival with three complete variety shows to be presented at 7 o'clock, 7:40 o'clock and 8:30 o'clock in the auditorium.

The game rooms will open at 6:30 o'clock, and square dancing will begin at 7 o'clock. Games will be under the direction of Mr. and Mrs. Edling and their committee including Lou Kuchis, Alex Cochrane, John Safford, Dean Cooper, Dr. W. G. Wiedman, George Christ, Ken O'Mara, Don Walbaum and Kenneth King.

Directing the square dancing will be Mr. and Mrs. Lloyd Cleveland and Mr. and Mrs. David Rockwell, and in charge of the lunch room will be Mr. and Mrs. Frank Knott, Mr. and Mrs. Arthur Strehlo, Mrs. Marion Smith and Mrs. Don Riley.

Other committee chairmen are: auditorium show, Mr. and Mrs. Hoyer; signs, Don Rearden; candy, Mrs. R. E. Colin and Mrs. Wendell Mayfield; baked goods, Mrs. Emil Hahn; free room, Mrs. Neal Hadsell and Mrs. George Anderson; check room, Mr. and Mrs. Fred Ayres, Mr. and Mrs. Harold Hoskins; comics and records, Mrs. L. F. Hoffman; popcorn, Mrs. C. R. Frey; and sales booth, Mrs. Connell Marsh.

## Officer To Be Guest

Members of the Lincoln section of the National Council of Jewish Women and of the Lincoln Hadassah will hold a joint meeting at 1:30 o'clock, Tuesday, at the home of Mrs. Hyman Polsky, 3210 Plymouth, to hear a talk by Mrs. Harry Goodman of Pueblo, Colo., president of the Mountain-Plains region of Hadassah.

The program also will include a panel discussion, "The Synagogue in America," for which Mrs. Paul Phillips will be moderator.

Participating will be Mrs. Harold Stein, Mrs. Arthur Hill and Mrs. Elton Goldberg. The regular meeting of the Hadassah board will be held at 1:30 o'clock, Wednesday, in the club rooms at the National Bank of Commerce. Mrs. Palmer Goldberg will preside.

## DAC Chapter Luncheon

Mrs. C. E. R. Edmond will be hostess next Saturday afternoon to the members of the Hannah Duston Chapter, Daughters of American Colonists, at a 1 o'clock dessert luncheon to be held at her home, 2828 Stratford. Assisting her will be Mrs. Raymond E. Dale.

A program on DAC insignia will be given by Miss Isabel McOmber of Crete, state regent of the society.

## Plans Dinner

The annual birthday dinner of the Lincoln Business and Professional Women's Club will be held at 6 o'clock, Thursday evening, in the club rooms, 1124 N. In charge of the program of entertainment will be Miss Zola Gardner, and a feature of the evening will be songs by Mrs. Constance J. Robinson.

# Proposal To Drop Truck 'Twilight Zone' Rejected

Nebraska lawmakers started their sixth week Monday by rejecting a proposal by Sen. William Metzger to eliminate the two-year-old twilight zone of truck weight tolerances on the spot.

This did not mean the truck question had been thus easily put aside for the entire session, however.

The matter came up Monday on an amendment which Metzger offered last week to a corrective measure relating to penalties for speeding and other traffic offenses.

**Wiped It Out**  
The Metzger amendment would have wiped out the "tolerance" over existing legal truck weight limits within which overloading penalties do not apply under an act of the 1953 Legislature.

Truckers contend that because of snow, ice and mud conditions and shifting of loads, a vehicle within the prescribed limit when it starts out may wind up in violation when stopped along the way to be weighed.

Metzger proposed retaining the stiff penalties for overloading provided by the 1953 act. But he would have them apply immediately at the prescribed limit instead of after the tolerance has been exceeded.

**Settle Issue Now**  
He read a report from State Engineer L. N. Ress which indicated some truckers were using the tolerance as means of hauling more

"pay load" instead of for the purpose intended by the Legislature. He urged that the question be settled now, rather than waiting

## Judge Pay Boost Bill Advances In Unicam

A bill to raise the pay of Nebraska Supreme and District Court judges advanced from the general file with no strings attached Monday after an hour-long debate on the floor of the Legislature.

The proposed reservations came from Sen. Metzger of Cedar Creek in the form of an amendment that would prevent Supreme Court judges from performing outside work for the federal government, but the move was defeated by a 19 to 16 vote.

The measure, LB 53, then cleared its first hurdle on the floor by a voice vote.

The bill would increase the high court jurors' salary from \$9,000 per year to \$12,000 and the pay for the district judges from \$7,400 to \$10,000. The figures represent changes made by the Miscellaneous Appropriations Committee from the original hikes of \$15,000 and \$12,000.

The committee chairman, Sen. Aufenkamp of Julian, agreed to a vote Monday after twice asking for postponement. He said he had abandoned plans for a greater reduction in the increases.

Metzger said his amendment was based on the calls of the federal government for labor mediation work for Nebraska Supreme Court judges.

"It's a credit for our justices," he said. "But I hardly think it is fair to raise their pay if they are not devoting their time exclusively to the affairs of this state."

Sen. John Adams of Omaha

until LB 493 comes up later in the session. By increasing the permissible length, LB 493 is expected by its sponsors to give truckers

the weight limits they desire, and yet satisfy highway department engineers.

Sen. Moulton of Omaha, speaking against adoption of the Metzger amendment Monday, pointed out LB 39 would become "an entirely new bill" and should be sent back to committee for re-hearing if the Legislature chose to meet the issue now.

"If this had been in the bill at the hearing on LB 39, there would have been lots of controversy," he added.

After voting 22 to 13 against the Metzger amendment, the Legislature advanced LB 39 on a voice vote.

asked Metzger if the amendment could be changed to permit the judges to do federal work in times of emergency.

"It looks from here like we're continually in a state of emergency and crisis in Washington," replied Metzger.

Only real opposition to the bill as a whole came from Sen. Ruhnke of Plymouth.

"It's time to hold the line," he said. "The salary of \$9,100 looks in keeping with the economy of the state."

Sen. Brower of Fullerton, the introducer of the bill, said the pay hike is necessary to attract younger men to the bench.

## Walker Asks Bus Permit At Fremont

Lester Walker, publisher of the Fremont Guide and Tribune, Monday filed papers with the State Railway Commission requesting permission to run a bus service in Fremont on a permanent basis.

A service on an emergency basis was started by Walker in Fremont Monday morning after the Fremont City Lines, operated by Wesley Pearson, halted operations Saturday.

Pearson asked the Railway Commission for authority to discontinue service last month "because of continued financial losses."

Walker said he "isn't going into the bus business" but would sell the new concern, the Fremont transit lines, if it proves a money making venture.

## District Judges Must Announce Schedule Under Bill Given OK

District judges are required to announce their schedules for the coming year before Jan. 1, under a bill passed by the Legislature Monday.

Another measure passed Monday would permit first and second class cities and villages to correct their boundaries.

Three bills in all passed Monday. The list:

LB 63. Klaver. Changing time to last two months of the year when District judges are required to of terms of court for the ensuing year in their various counties, 38-0.

LB 13. Burney. Empowering first and second class cities and villages to correct corporate limits in conformity with plats on file more than ten years, 39-0.

LB 49. Tvrdik, Vogel, J. Adams. Reducing required vote of outstanding shares of each class entitled to vote in authorizing issuance or classification of shares, 32-5.

## Science now helps you take off your fat while you eat the foods you choose . . . New safe All-In-One capsule discovery for EASY REDUCING!

### fat goes fast

Are you a real glutton when it comes to sweets, candy, cake, butter, gravy, potatoes? Have you tried pills and tablets one after the other to reduce and you're still too fat? Well, be as skeptical as you like but RIGHT NOW there's a wonderful new kind of capsule that helps take off pounds and inches of ugly fat safely, quickly and so much easier you hardly know what's happening. You don't suffer starvation hunger, you take no drugs, you don't exercise. You don't even diet one bit more than you want to and here's why.

### counteracts hunger

A well known scientist perfected a new tiny capsule that combines ALL THE RECOGNIZED PROVEN AIDS to reducing. All-In-One Capsules automatically make you eat less without conscious effort and like it. In fact they are so packed with vitamins, minerals, concentrated protein and non-caloric filling food, they actually equal and exceed many a meal. So get All-In-One Capsules today. You'll be surprised at the fat you lose the first week, the inches that disappear the first month. And the cost is absolutely nothing unless you grow more slim, more youthful looking, more active and enjoy better health.

**Woman loses 70 pounds!**  
"Thanks to your plan I lost 70 pounds and I honestly feel lots better. You can really lose weight with them."

Mrs. A. L. C. St. Paul, Minnesota

**"Ate anything I wanted"**  
"I lost 7 pounds quickly and I ate anything I wanted. In only a few weeks I went from 204 pounds to 190. I think they are grand and they really do what they claim to do. You can actually eat anything and not be hungry."

Mrs. D. M., Pine Bluff, Arkansas

**Reducing plan certainly is easy**  
"I have enjoyed your Reducing Plan, and it certainly is easy. I have gone from a size 18 to a size 14, and my husband thinks I look like the girl he first married."

Mrs. D. R., Black River, N. Y.

**Can now wear attractive clothes**  
"I have lost 24 pounds and I am feeling fine. I feel so much better and can wear the attractive clothes I have wanted to for so long."

# Strange Silence Hangs Over Tachen Islands Under Chinese Reds' Eyes

## U.S. Armada Moves In

By JIM BECKER

ON THE TACHEN ISLANDS, Chinese soldiers milled around the brown clay of the Tachen Islands Monday watching the huge U.S. armada moving up for the withdrawal.

Hundreds of civilians, including children in padded cotton jackets and rubber boots, sloshed through the mud watching the advance U.S. shore parties land to set up loading procedure.

The Tachens are laced deep with trenches carved from the unfertile clay of these islands 200 miles north of Formosa.

Chickens and ducks scurried in and out of the trenches and through the villages, burned and wrecked by air raids and recent Red shelling from island positions within sight of the Tachens.

### Last Shelling

Col. Cho Kai, a Chinese Nationalist officer, said the last shelling was Saturday and the last bombing a week ago.

"Several Communist MIGs flew over the island Saturday on an apparent reconnaissance flight but dropped no bombs," he said.

Cho declared the garrison is "prepared for any emergency if the Reds attack before the evacuation is completed."

Col. Mu Wei said the soldiers had not yet been told they would be withdrawn but the civilians are all packed and ready to leave.

I saw children roaming around with toothbrushes in their breast pockets and small knapsacks on their backs.

### Strange Silence

U.S. trucks and jeeps range over the roads, carved from the steep hillsides.

A strange silence hangs over the island and the singsong Chinese voices carry far in this silence. There is no sign of movement on the Communist islands nearby.

Navy officers on the U.S. flagship *Estes*, on which I sailed to the Tachens, reported Lt. Gen. Liu Lien-yi, garrison commander, insisted he still was without orders for a withdrawal.

They understood that Adm. Alfred M. Pride, 7th Fleet commander, had asked Taipei to speed up the orders.

However, Liu's soldiers were stacking ammunition and gear on the beaches, ready to pull out when ordered.

### 'Painfully Slow'

Frog teams—the U.S. underwater demolition experts—completed a beach survey for the withdrawal. Two Red mines were found and disposed of.

A Navy beach master said the pullout may be "painfully slow" because of the high tides and poor beaches.

Pilots from carrier planes said they saw explosions on Yikiang-shan, eight miles to the north, and speculated the Reds were blasting out gun positions.

One officer said the Communists made "no threatening nor unfriendly maneuvers" in the first day of the withdrawal.

"Indications are the Reds do not intend to make any," he added. "But we cannot relax and do not intend to. We will have the same air patrols."

### Dunn On Stand

LAREDO, Tex. (INS)—Col. Robert V. G. Dunn took the stand at his court martial on charges of unauthorized use of enlisted men, government tools and airplanes.

Dunn, 49, was formerly commander of the maintenance and supply group at the Laredo Air Force Base where the court martial is being conducted. He testified concerning his overall flights from Laredo to Pennsylvania where, it is charged, enlisted men under his direction worked on halftracks used later on Dunn's farm in Kokomo, Ind.

Rifle Instructions

Personnel aboard the USS Yorktown, now serving with the 7th Fleet which is covering the evacuation of the Tachen Islands, receive instruction in the use of the Browning automatic rifle under the supervision of the Marines. (UP Telephoto)

### Avalanches Broken Up

INNSBRUCK, Austria (INS)—First experiments to prevent avalanches by firing explosive rockets into a massed wall of mountain snow were declared a complete success. The rockets were fired into a 10,000-foot wide wall of snow at Reutte. In other years, the snow wall has broken off and thundered down into the valley causing heavy damage.

## Governor Calls State School Board A Good Step At Education Meeting

Gov. Victor Anderson told the Nebraska Council for Better Education that the new State Board of Education is a "step in the right direction."

The governor, the Legislature's education committee, and other senators were luncheon guests Monday of the Council at the Cornhusker Hotel.

He said his office door was always open for any program for the advancement of education.

State Sen. Glenn Cramer of Albion, education committee chairman, said the bill for higher standards of teachers certificates has his support.

Cramer said he formerly supported normal training in the high schools, but that the state had "finally reached the step for new certification standards."

### Forward Or Backward

On school redistricting bill, Cramer said "it's more than a matter of amending our present law. It's whether we go ahead or backward in education."

He said the social security for teachers bill is going to offer teachers more security and "result in more professional teachers in our Nebraska schoolhouses."

State Commissioner of Education F. D. Decker said the Legislature will have to set up "reasonable

minimum standards" for high schools in enrollment, health and welfare, and equipment.

For the protection of the welfare of children, Decker said such legislation is needed in view of the recent Supreme Court decision which makes it possible to operate a one-pupil high school.

In the afternoon, the Council reviewed the major education bills before the Legislature in a panel discussion moderated by Mrs. Ralph Beecher of Lincoln, legislative committee chairman.

### Princess Caught

ST. GEORGE'S, Grenada (A)—Princess Margaret got caught in a thundershower Monday—the second time in two days. But an alert chauffeur quickly raised the top of the open convertible in which she was riding and that, with a parasol, saved her from a drenching.

The princess was seated in a gleaming white car riding around the track of Queen's Park in St. George's to wave to about 20,000 school children and adults at a rally. Margaret, the 24-year-old sister of Queen Elizabeth, is on a month-long good will tour of the Caribbean.

## Rosemary Clooney And Hubby Jose Have Son Miguel

By LOUELLA O. PARSONS

HOLLYWOOD (INS)—It's a boy, seven pounds nine ounces, for song thrush Rosemary Clooney and actor-director Jose Ferrer. The young man was born at St. John's Hospital Monday, with Dr. Leon Schulman doing the honors. Young Mr. Ferrer was immediately named Miguel Jose.

Everybody is happy because Rosemary prayed for a boy. Jose has a 14-year-old daughter by his first marriage to Uta Hagen, and Rosemary's sister, who is also about 14, lives with them, so now there's another man in the house.

The two stars of "White Christmas," Rosemary and Bing Crosby, are both in St. John's. Rosemary and the baby are doing well, and Bing is coming along so nicely he'll be home next week.

## Committee Okays Robertson For Post

The Legislature's Committee on Committees Monday recommended the approval of Donald F. Robertson, 43, North Platte hotel manager, to the State Game Commission.

Robertson was first named a game commissioner in 1952 when former Gov. Val Petersen selected him to fill the unexpired term of the late B. F. Butler.

Gov. Victor E. Anderson re-appointed Robertson last month to a full five-year term after Attorney General C. S. Beck ruled that the law preventing game commissioners' from succeeding themselves does not apply when the commission member is serving an unexpired term.

# WINSTON

## changed America's mind about filter cigarettes!

### WINSTON — the cigarette that brought flavor back to filter smoking!

■ It didn't take America long to make the great discovery about Winston! It's got real flavor—the full, rich, tobacco flavor real smokers want. No wonder Winston's getting the warmest welcome of any new brand in cigarette history!

Besides bringing flavor back to filter smoking,

Winston also brings you a finer filter. The exclusive Winston filter is different: it works so effectively, yet lets the flavor come right through to you! Easy-drawing—that's Winston!

Try king-size Winston and welcome flavor back! Winston tastes good—like a cigarette should!

There's no effort to puff! Thanks to Winston's finer filter, Winston's finer flavor comes through to you easily, smoothly, effortlessly. The full, rich flavor is all yours to enjoy!

Smoke **WINSTON** the *easy-drawing* filter cigarette!

# BUFFALOES BUSH-WHACKED

## Wesleyan Home To Midland

Midland College throws the next barrier in the title path of the Nebraska Wesleyan University basketball team.

The Plainsmen will entertain Mark Haight's fast moving Warrior quintet in Ira J. Taylor gymnasium at 7:30 in search of their ninth straight Nebraska College Conference victory.

The odds will have to favor the Plainsmen who own the only undefeated mark in loop play this year. The Midland club has won but two of eight and while recognized as one of the loop's better offensive outfits, has sputtered on defensive play with costly results.

Captain Larry Fuerst, a red hot outside sniper and tall Marshall Farley, the clever pivot ace with the excellent hook shot, pace the Midland scorers with guard Ronnie Donahue and forward Twyman Jones close behind. Bob Rump, a diminutive ex-Fremont high star returned to the Midland campus after a two year stint in the armed services, rounds out Coach Haight's starting five.

Coach Irvin L. Peterson of the Plainsmen will bank heavily on the best scoring balance a Wesleyan club has had in recent years. Mel Sherry (14.6); Paul Fredstrom (13.5) and Jack Wood and Foster McGuire (each 12.3) are inches apart in per-game scoring averages. Jerry Kroeger, the other starter, is dumping in better than seven per cent when he's not busy stealing the ball from less wary opponents.

Tonight's game will be the 60th resumption of a series dating back to 1913 in which the Plainsmen have dominated by a 39 to 29 spread.

The teams have met 16 times in Nebraska College Conference play and Wesleyan holds a 15-1 edge and is currently working on a string of 14 straight over the Warriors.

The Wesleyan reserves will entertain the Junior Warriors in a preliminary tilt at 6 p.m.

The probable starters:

Wesleyan	Pos	Midland
Fredstrom (6-4)	F	(6-6) Fuerst
Sherry (6-0)	F	(6-3) Jones
McGuire (6-2)	F	(6-3) Farley
Wood (6-1)	F	(5-10) Donahue
Kroeger (5-10)	G	(5-9) Rump

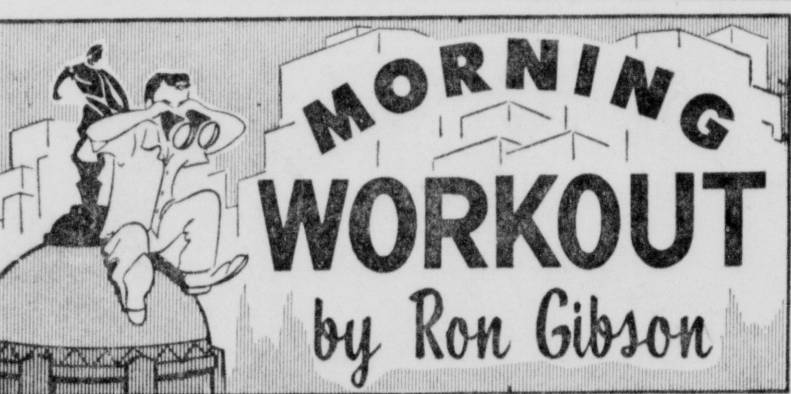

## Peru Volleyball Tourney Begins

PERU—Dawson's narrow 20-17 win over Elk Creek enlivened an otherwise full first-round program as the Peru High Invitational girls volleyball tournament opened Monday night.

Fourteen games opened the program. Defending champion Burr and runner-up Otee drew byes, and 12 second-round games will be played today.

Monday results:

Cortland 31, Shubert 17, Avoca 18, Humboldt 31, Honey Creek 28, Sterling 17, Panama 38, Yemahe 6, Murdock 20, Salem 12, Douglas 22, Pawnee City 2, Vernon 37, Snyder 6, Johnson 33, Weeping Water 10, Bennett 33, Talmage 36, Brock 38, Weston 9, Elmwood 25, Bratton Union 14, Peru Prep 25, Plattsmouth 17, DeWitt 40, Brownville 10, Dawson 20, Elk Creek 17.
--

The Nebraska Wesleyan Class B district basketball tournament, in which three Lincoln high schools and five other teams will participate Feb. 21-26, has been set for three days instead of the four desired by several of the coaches involved because Wesleyan officials felt (and rightly so) that their Taylor Gymnasium is overworked now.

Wesleyan is also the site of a Class AA district the week after the Class B tournament. Last year, Taylor gym housed C and A district meets. Lincoln High plays all its home games there. The Harlem Globetrotters have been booked there Friday night.

All of this points up Lincoln's crying need for additional sports facilities. Only one of five high schools in Lincoln has its own gymnasium—Northeast.

Lincoln High, formerly confined to the cracker-box Whittier Junior High court, now uses Wesleyan's facilities. Teachers uses the University of Nebraska Coliseum. Cathedral and College View share Irving Junior High's auditorium with a full city recreation basketball program.

The need for basketball gyms was emphasized when Taylor gym opened for business at the beginning of 1954. The Wesleyan plant has been overworked ever since. Previously, Wesleyan had used Northeast High's auditorium. The addition of new facilities gave Wesleyan a home, but also some extra problems. The addition of a new gym fell far

## Get Outta My Way, Burdy Boy!

Nebraska's Willard Fagler has eyes only for the basket as he drives past 6-foot 9-inch Bur-

dette Halderson of Colorado. Fagler scored 25 points, the same number Halderson had in the first half. (Star Photo.)

## 'Dashing Dons' Orphans Without Court Or Gym

By HAROLD V. STREETER  
SAN FRANCISCO (AP)—The University of San Francisco—now bidding to be No. 1 among the nation's college basketball teams—is an orphan of the sport.

The 'Dashing Dons' have no gym of their own for practice. They have no court of their own for games.

Coach Phil Wollpert's 5-man squad polishes up its phenomenal defense and deadly accurate shooting in the gym of nearby St. Ignace High School. At 3 p.m., the Dons have to clear out. The high school boys take over.

For "home" games, the squad comes down from its hilltop campus overlooking San Francisco Bay and plays either in Kezar Stadium Fieldhouse or in the cavernous Cow Palace, site of stock shows and rodeos.

**Home-Bred Heroes**  
The Dons are home-bred. They have to be. Dormitory facilities are so limited at the Jesuit College that most of the 2,550 students have to live at home in the bay area. The only player from the outside is Jerry Mullen. His home is Ukiah, 120 miles north of San Francisco.

The most talked-about Don is the fabulous Bill Russell, 6-10 center who is sure to be an All-America candidate. In a recent game he leaped until hand and ball were over the basket. Then he gave the ball such a downward thrust that

it rocketed through the net, thudded on the floor and bounced higher than the hoop.

**Gritty Lot**  
Yet when Russell was a junior in high school he was only third string center.

The Dons are a gritty lot. Guard K. C. Jones, although in intense pain, insisted on playing last year against University of California. Jones helped beat the Bears—after which it was determined he played the game with a ruptured, gangrenous appendix. It cost him a season of basketball and almost cost him his life.

What has put the Dons on top? Balance. They're all good. If you concentrate on Russell, then Jones or fleet-footed Hal Perry will kill you with shots from 15 feet out. Quit concentrating on Russell and the tall boy, who can high jump 6-7½, will stuff in field goals like a breakfast dunking doughnuts.

## Vejar Scores Easy Victory

BROOKLYN, N. Y. (AP)—Chico Vejar, an ex-GI making his third start since he was seriously injured in a plane crash, romped to an easy victory over Joey Klein Monday night at Eastern Parkway, winning a unanimous decision in 10 rounds. Vejar weighed 152, Klein 149½.

The former Stamford, Conn., schoolboy flash who was discharged from the Army last fall, raised lumps under Klein's eyes after battering his body with left hooks in the early rounds.

Klein, 22, was wild and ineffective most of the time although he continued to crowd Vejar. He was in over his head against Chico, making his third "comeback" at the age of 23. At the end, Klein bled from the nose and barely was able to squint through a slit of a right eye.

Vejar showed Klein every punch in the book. He jabbed accurately, scored with his hook and drove home long right hand leads.

The favorite at 12 to 5, Vejar won going away, like a 10 to 1 shot. Referee Jack Watson and Judge Leo Birnbaum scored it 9-1 and Judge Artie Schwartz 7-1, all for Vejar. The AP score card was a 10-0 shutout.

## Tech Nips Lincoln Wrestling Team

Lincoln Star Special  
OMAHA—Lincoln High won six of 11 matches but lost a 19-18 decision to the Omaha Tech wrestling team here Monday. Two pins by the Maroon matmen made the difference.

95 pounds—Hunkins (L) decisioned Patterson 5-4.  
103—Butera (T) pinned Pearson in 2:49.  
112—Vener (L) decisioned Brown, 6-3.  
120—Homan (T) decisioned Luft, 2-1.  
127—Erickson (L) decisioned Trostler, 4-2.  
133—Kuhn (L) decisioned Mauk, 4-2.  
138—Schwartz (L) pinned Madson in 2:31.  
145—Farris (T) decisioned Hume, 5-2.  
154—R. T. Smith (L) decisioned Sittler, 6-1.  
165—Reimers (L) decisioned Wolfford, 9-2.  
Heavyweight—Woods (T) decisioned R. E. Smith, 8-0.

Millard keeps 10th on a strong performance against Elkhorn, the team which pressed Springfield in the ENC finals.

Elgin's advance in Class E is

## Three Squads Closing In On Leading Chadron Prep

By BILL FITZGERALD  
Star Sports Staff Member

The Eagles of Chadron Prep look down from their nest in far-away Dawes County today and watch three basketball teams closing in to challenge the westerners' leadership of the state Class C prep field.

Steady Clarkson and veteran Hartington from the northeast and young and vital Springfield from the southeast belted over stern foes last week and today are so close to Chadron Prep that a falter in the high northwest could send any of them charging to the top of the class.

In Class D the might of Western prevails over an excellent crowd of teams although the defending state champion was shaken in a rouser last week.

**Tobias On Top**  
In Class E the scepter stays in Tobias where it was fashioned early in the season, but the story in this division of tiny schools may be told at Elgin where an experienced Eagle squad is screaming its raucous challenge to the Cornhusker state.

Three times last week Chadron Prep shot up the west. Torrington, Wyo., fell by 69-49, Harrison by 85-32 and Hay Springs by 60-45.

Lyons fell from second to fifth in Class C after a loss at Class C Craig, a fast squad. Clarkson won the Stanton Invitational and is second while the Leigh team which almost defeated Clarkson in the championship game breaks into the ratings in 10th place.

Springfield, a team which carries only one senior, is third after winning the Eastern Nebraska Conference tournament.

Hartington walloped Plainview and is fourth. The Hartington foes are rated weaker than those of the first three teams.

**B. C. In Sixth**  
Beaver Crossing battled Western all the way in the Trailways Conference finals before falling by one point. B. C. is sixth today ahead of strong Sterling, the once-beaten team which trounced DeWitt 57-31 and Wilber 69-38 last week.

Paxton, once defeated, leaped into eighth after shocking Chappell in the west. Chappell is rated in Class B.

Exeter is ninth on a good game, (39-45), against Beaver Crossing, pears after a loss to Elgin, and Howells falls from the Top Ten on a heavy beating at Clarkson.

Western's superiority was challenged seriously by the Craig triumph over unbeaten Lyons. Craig stays ahead of Palmyra and Howells falls from the Top Ten on a heavy beating at Clarkson.

Western's superiority was challenged seriously by the Craig triumph over unbeaten Lyons. Craig stays ahead of Palmyra and Howells falls from the Top Ten on a heavy beating at Clarkson.

Palmyra crushed Panama, 74-46. No. 5 is Brady, unbeaten and a wild-scoring westerner this season. Brady whacked Arnold 68-35 in its only appearance last week.

Inactive Brainard slipped from fifth to seventh while two-victorious Hampton jumped to sixth. Hampton defeated McCool Junction 79-47 and Bradshaw 77-50.

Hardy lost a one-point game at Guide Rock, was a one-point winner over Byron and fell to ninth. Loomis moved to seventh by stopping Hildreth 57-33 and Holbrook 83-21.

Millard keeps 10th on a strong performance against Elkhorn, the team which pressed Springfield in the ENC finals.

Elgin's advance in Class E is

## Fired-Up Husker Cagers Stop Loop-Leading Colorado 84-77

By DON BRYANT  
Sports Editor, The Star

Nebraska, battling as if life itself was at stake, came on strong in the closing minutes to defeat league-leading Colorado, 84-77, Monday night before 6,500 hysterical basketball fans at Memorial Coliseum.

### Basketball Scores

**STATE HIGH SCHOOLS**  
Panama 50, Talmage 49

## York Hosts Seward 5

... Tech, Benson Mix

By BILL FITZGERALD  
Star Sports Staff Member

Prep basketball prominence is the goal and tradition the incentive for powerful York and Seward when they battle tonight in York Auditorium in perhaps the biggest game of the Tuesday schedule.

The Bluejays and Dukes, foes in the strong tradition of consistent victors who must eliminate each other to determine which is superior, bring two of the best records of the state Class A field into the annual game.

Omaha Tech, the No. 2 team in AA, crashes with potent Benson in the metropolitan feature while Omaha Holy Name comes to Lincoln for its annual scrap with Teachers, a rated Class A squad.

Hickman at Palmyra is a notable attraction among the smaller schools, and the Paxton-Lodgepole battle could be the best in the west.

Undefeated Loup City is at rising Ord and Plattsmouth travels into trouble at Falls City.

Tournament play is heavy. The Cass County meet starts at Louisville while Lyons, Tekamah and Craig jump into the Burt County show at Oakland and Tecumseh and Sterling enter the Tecumseh Invitational.

Other tournaments starting tonight are the Nemaha Valley at Spencer, Mid-State at Leigh, Frenchman Valley at Wauneta, Mid Rivers at Holstein and Central Republican Valley at Upland.

Some of the schedule:

Fallerton	at Albion
Alexandria	at Reynolds
Ashland	at Millard
Harmon	at Lincoln
Beatrice	at Virginia
Blue Hill	at Des Moines
Brady	at North Platte
Braden	at York
Shurtz	at Council Bluffs
Diller	at Dixon
Chadron Prep	at Chadron
Chappell	at Big Springs
Ruskin	at Chester
Guido Rock	at Clay Center
Lexington	at Curtis
Des Moines	at Pimoth
Edgar	at Lawrence
McCool Junction	at Excelsior
Fairfield	at Nelson
Plattsmouth	at Falls City
Farwell	at Ashland
Heaver Crossing	at Friend
DeWitt	at Broadview
Gretna	at Yutan
Hartington	at Pierce
Benedict	at Henderson
Naponee	at Hildreth
Cortland	at Holmerville
Odell	at Lexington
Omaha Holy Name	at Lincoln Teachers
Paxton	at Ord
Loup City	at Plattsmouth
Omaha Tech	at Omaha North
Creighton Prep	at Omaha North
Hickman	at Palmyra
St. Paul	at York
Garland	at Valparaiso
Walton	at Waverly
Seward	at York

## Injuries Fatal For Bobsledder

LAKE PLACID, N.Y. (AP)—Bobsledder Franklin Beatty of Ausable Forks, N.Y., died Monday of injuries suffered when the sled on which he was riding shot off the Mt. Van Hoevenberg run Sunday during the National AAU four-man championship.

Beatty, 43, was thrown into the air and landed on rocks when the sled shot off famed Zig Zag curve in the third heat of the championship.

Jack Young, 35, also of Ausable Forks, was reported in satisfactory condition Monday at Placid Memorial Hospital.

Schuyler Carron and driver Joe Meconi, both of Ausable Forks, were treated at the hospital and released.

Monroe Flagg of Saranac Lake won the championship.

## Irish Defeated

SOUTH BEND, Ind. (AP)—Michigan State hit 32 of 60 shots from the field and whipped the Notre night 93-79. Al Ferrari scored 26 points for the winning Spartans, hitting 12 straight free throws.

## Dukes Win 13th

PITTSBURGH (AP)—Duquesne University's basketball team, with center Dick Ricketts dropping in 25 points and forward Si Green scoring 19, defeated Villanova 66-58 Monday night. The win gave the Dukes their 13th victory against three defeats.

## Gophers Ramble

MINNEAPOLIS (AP)—Minnesota's muscle men deflated Robin Freeman's scoring average Monday night and rode back into the lead by plastering Ohio State, 82-56.

## Kentucky Scared

STATE COLLEGE, Miss. (AP)—Kentucky got a scare Monday night before coming from behind twice in the last two minutes to defeat Mississippi State 61-56.

## From Bums To Doughnuts

The siege gun of Brooklyn's 1941 National League champions, Dolf Camilli, is just a rookie now in the twin venture of owning a

doughnut emporium and personally making the crullers. Big Dolf, who turned in a record of 34 homers and 120 runs batted in

in 1941, now whips out about 150 dozen doughnuts per day in his four month old business. (UP Telephone)

## He Wishes Berra Best Of Health

# Yanks Pay Silvera About \$560 A Game

By MURRAY ROSE

NEW YORK (AP)—When Yogi Berra sneezes, Charlie Silvera says "Gesundheit" and he means it.

Which is one way of saying that Silvera, the No. 2 catcher of the New York Yankees wishes Berra, the Yanks' ace receiver, the best of health.

It's not that Charlie, a 30-year-old from San Francisco, isn't ambitious. He'd like to be the Yanks' No. 1 boy behind the bat if he could. But he knows that Yogi can do it better and that helps Charlie, too.

### Five Fat Checks

Yogi's slugging was one of the reasons why the Yankees swept to five world championships and were second to Cleveland in the American League race last season.

All of which has added up to five winning World Series checks for Silvera plus the second place money for last year. Spelled out in

cash it has meant \$33,858 extra for the second string catcher.

Silvera has just signed his seventh contract with the Yanks for a salary of around \$12,000. Since he came up to the Yanks' from Portland in the Pacific Coast League in the fall of 1948, he has earned about \$70,000 in pay from the Yanks. Add that to his World Series extras and you'll find out that Charlie has made about \$17,000 a year.

### High-Prized Help

Break that down into games and you'll find that the good-natured Californian has earned about \$560 a game. He's played in a total of 180 big league games, and has an average of .299 on 118 hits in 394 at bats.

"Not bad," he commented when the figures were broken down. "Thank you, Yogi Berra. I sure wish him the best. I've certainly had it good with the Yanks. I got my big thrill in getting into my

first World Series in 1949 but the others gave me plenty of kicks, too.

"The streak was broken last year," added Silvera, "but I think we'll be back with the big end again this season."

### Casey Sums Up

"Silvera would be first string with at least 10 of the other big league clubs," is Manager Casey Stengel's appraisal of Charley.

"He's smart, knows how to handle pitchers and is a timely hitter," Casey summed up.

Silvera is one of the six remaining players of the fast dwindling Yankee group of 1949. The others are Berra, Eddie Lopat, Gerry Coleman, Phil Rizzuto and Hank Bauer. The latest to depart were Gene Woodling, traded to Baltimore, and Allie Reynolds, who recently called it a career.

If Yogi stays in good health, Charlie might outlast them all.

## Bird Bill Clipped On Final Passage—Live Targets Out

LINCOLN (AP)—A bill which would have permitted use of live targets in trapshooting failed in the Legislature Monday.

The measure was LB 68, introduced by Sens. Moulton and Syas of Omaha and Bahensky of Palmer. It mustered only 10 votes in favor of passage. Twenty-eight senators voted "no."

It was the first bill this session to fail on final passage.

Meanwhile three legislators who visited a farm near Alton, Ill., where there is controlled shooting of game reported they are enthusiastic about what they saw.

"It was the toughest duck hunting I ever had in my life," asserted Sen. Moulton.

"It doesn't take any of the sport away for the man who loves to shoot, and provides good shooting," commented Sen. Morrison of Mitchell.

Such a plan provides more birds for those who can afford such shooting, and relieves some of the hunting pressure in congested areas. For those who cannot afford it, there is still the same hunting as before, Morrison added.

There are 65 such privately owned controlled shooting areas in Illinois. There are 522 acres in the

farm the Nebraska group visited Saturday.

With Sens. Moulton, Morrison and Bahensky on the trip Saturday went reporters and a few Omaha sportsmen interested in the plan.

A bill is pending in the Legislature to permit establishment of such areas in this state.

## Whitehead & Co. Win Tournament

VALE, Ia.—Bus Whitehead and Bob Pierce were the standouts as the Stars of Storz captured the Boyer Valley Independent Basketball Tournament title Sunday.

Pierce dunked 28 points and Whitehead 20 as the Storz crew dumped Ft. Dodge, 72-45, in the finals. Whitehead had 27 and Pierce 25 in a 99-62 rout of Cherokee, Ia., in the semi-finals.

Stars of Storz will compete in the Loup City Independent tournament next week.

### Tobias Top-Seeded

FAIRBURY—Top-seeded Tobias will meet Endicott Feb. 21 in the first round of the Class E District Tournament. Blue Springs, seeded second, will meet Belvidere in the second game Feb. 21. Semi-finals are Feb. 24 and finals Feb. 25.

The schedule:

Feb. 21  
7:30 p.m.—Tobias v. Endicott  
9 p.m.—Blue Springs v. Belvidere  
Feb. 23  
4 p.m.—Tobias-Endicott winner v. Duxin  
5:30 p.m.—Belvidere v. Duxin  
7 p.m.—Alexandria v. Steele City  
8:30 p.m.—Blue Springs-Belvidere winner v. Carleton

### Giants To Be High

NEW YORK (AP)—The New York Giants have signed a contract with Capital Airlines to fly to all league cities except the Chicago-Milwaukee and Philadelphia-New York trips during the 1955 season. The 24 flights will be made on chartered DC-4 and Constellation aircraft.

The Giants flew on most of their long trips last season, including the World Series game in Cleveland.

### Off To Singapore

KARACHI (AP)—A Pakistan hockey team is leaving by air Feb. 11 for Singapore on a six weeks tour of Malaysia. The team has been invited by the Malayan Hockey Federation to play a test and other matches there.

I-GO Van beat Rodis-Kaufman, 3-0	

## Unbeaten Holy Name At TC

Omaha Holy Name, tall, talented and undefeated, invades the University of Nebraska Coliseum tonight for a basketball game with Teachers College High. Game time is 8 p.m.

Teachers is looking for a reversal of two straight defeats by the Ramblers. Earlier this season, Holy Name took a 60-32 decision in Omaha.

In the last game of the 1954 season, Holy Name ended a long Teachers win streak with a 36-35 victory. Teachers then won the Class B title. This year, Holy Name has the long victory string and Teachers is in a position to spring an upset.

## Nebraska Matmen Fall To SDSC

Nebraska's most consistent winners did it again Monday night but it was not enough as South Dakota State College won out in a dual wrestling match, 16-12.

Nebraska's Charles Bryant, who has lost only once this year, won again as did Arnold Morton, who has been beaten only three times.

The summaries:

123 pounds—Gordon Brockmiller (SD) dethroned Marshall Nelson, 6-1.  
130—Jim Owens (N) dethroned Odell Aldridge, 2-0.  
137—Eugene Dailey (SD) pinned Gav Donelson in 7:00.  
147—Myron Paine (SD) dethroned Jack Beams, 3-3.  
157—Arnold Morton (N) dethroned Donald Dykshoff, 8-7.  
167—Duane Rybak (SD) won by forfeit over Bob Flann.  
177—Charles Bryant (N) dethroned Richard Poulet, 4-0.  
Heavyweight—Lawrence Goll (N) dethroned Leroy Unger, 5-0.

## Lincoln Swimmers Drop Tech, 47-28

Lincoln Star Special

OMAHA—Tech High's dominance in the backstroke and breaststroke couldn't overcome Lincoln High's free-style strength as the Link swimming team won a 47-28 dual meet here Monday.

Lincoln added a one-two finish in the diving by Charles Wilson and Harry Ziegenbein and a win in the individual medley to defeat Tech for the second time this season.

Results:  
50-yard free style—Won by Gausana (L); 2—Koban (T); 3—Hoban (T). Time—2:26.  
100-yard backstroke—Won by Carpenter (T); 2—Thomas (L); 3—Fisher (L). Time—1:12.6.  
200-yard free style—Won by North (L); 2—Sieck (L); 3—J. Fair (T). Time—2:22.6.  
100-yard backstroke—Won by H. Fair (T); 2—Keller (L); 3—Hook (L). Time—1:09.6.  
100-yard free style—Won by Holloway (L); 2—Goth (T); 3—Hoban (T). Time—1:00.2.  
Diving—Won by Wilson (L); 2—Ziegenbein (L); 3—Swanson (T). Winner's points—138.1.  
150-yard individual medley—Won by Gausana (L); 2—Koban (T); 3—Sieck (L). Time—1:49.1.  
150-yard medley relay—Won by Tech (Fair, Carpenter, Fair). Time—1:39.8.  
200-yard free style relay—Won by Lincoln (Crocker, Teal, Deaph, Taft). Time—1:54.2.

## Illinois Pressed

ANN ARBOR, Mich. (AP)—Illinois, fighting to take over Big Ten Conference leadership, was pressed to the limit Monday night, but gained an 81-80 basketball victory over Michigan on a last minute field goal by center Hiles Stout.

Alma Pairings Made  
ALMA—Host Alma will meet Red Cloud in the first round of the Class C District Tournament at 8:30 p.m. Feb. 23. Semi-finals are scheduled Feb. 24 and finals Feb. 25.

The first round schedule:  
Feb. 22  
7 p.m.—Guide Rock v. Orleans  
8:30 p.m.—Franklin v. Oxford  
Feb. 23  
7 p.m.—Beaver City v. Indianola  
8:30 p.m.—Alma v. Red Cloud

Deserves the Best  
Acting director Harry Rabenhorst, basketball and baseball mentor, said Tinsley had intended spring warmups to start Feb. 23 but LSU may await the decision of the next head coach. Line coach Charles McClendon temporarily replaced Tinsley.

Heard, in his first reaction, said, "I'm leaving the university with the best of wishes for everyone" and declared LSU "deserves" the best football coach.

He was relieved Saturday after 23 years as athletic director.

# THE GREATEST DROP OF WHISKEY IN THE WORLD

## ... a drop of Seagram's Seven Crown

### The favorite of millions...by millions of bottles

This photo-macrograph of a drop of 7 Crown magnified 38 times was achieved after over a hundred attempts with a reversed 63 mm f/2 high speed lens. Exposure: 1/7000th of a second.

This is a photo-macrograph of a single drop of Seagram's 7 Crown magnified 38 times. No other distiller can produce a drop of whiskey exactly like this.

The reason: Seagram owns exclusive processes—many of them patented—for making not just whiskey, but making QUALITY in whiskey.

That is why in the crystal clearness of this single drop, you are able to see the perfection you taste in every drink of Seagram's 7 Crown—every time.

# Say Seagram's and be Sure

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

# ATTACKING MIG'S GAVE NO WARNING

TOKYO (Tuesday) (P) — U. S. Sabrejet pilots who shot down two MIG jets Saturday said Monday the Red planes struck without warning over the sea off North Korea.

Capt. George F. Williams of Austin, Tex., who got one of the MIGs, told a news conference 12 Sabrejets escorting an RB45 jet reconnaissance plane were on a routine mission.

They had flown 40 miles up the North Korean coast and had turned south when eight MIGs jumped them.

"There was no warning," Williams said. "They came from above and behind us."

Lt. Charles E. Salmon of Port Jervis, N. Y., who bagged the other MIG, took up the story.

"I saw their tracers streaking past our plane like red balls," Salmon said.

"They were firing from too far away. They dove past my flight and attacked the (reconnaissance) bomber. I rolled over on my back, slipped down to the left and rolled out on the tail of one of them. Both were firing at the RB45."

"I fired five or six bursts and he started to smoke. He burst into flame and slipped off down toward the sea."

## Staff Named For Lincoln High Paper

Staffs for Lincoln High School's publications, the Advocate and the Scribe, have been announced for the second semester by the sponsors, Marian McElhenny and Belle Farman.

The staff of the Advocate, the school's bi-weekly newspaper, includes:

# McClellan Finds No File Material On Joe's Claim Against Democrat Senator

## ... McCarthy Declines To Name Solon

WASHINGTON (AP)—Sen. McClellan (D-Ark) said Monday he has searched the Senate Investigations subcommittee files and found no mention of evidence—reported by Sen. McCarthy (R-Wis)—that a Democratic senator knowingly accepted \$300 from a Communist official.

McClellan said in Milwaukee he believed Charles Tracy of Brooklyn, N. Y., had been dropped as a subcommittee staff investigator after the Democrats took over, because Tracy had "stumbled onto" evidence about the case. McCarthy said further Monday that a photographic copy of a bank draft covering the payment to the senator might be in the subcommittee's files, but he wasn't sure.

McClellan told a reporter Monday he had checked with Miss Rosemary Engel, a holdover McCarthy

appointee in charge of the subcommittee's files, "and she says it is not in the files." He said she told him she knew nothing about such evidence.

**Recent Trip**  
McClellan said he then checked through the files himself, and found that Tracy had written a memorandum about a recent trip to the West Coast to investigate alleged activities there, but that the memorandum does not mention the case.

"It contains no reference to the check, or a draft, or a photostat of either, or of the case," McClellan said.

McClellan so far has declined to name the senator he contends got the money from a West Coast official of the Communist party.

McClellan said he had never heard of the case before McCarthy mentioned it in a

Milwaukee interview Sunday, but that he had requested and received Tracy's resignation in a shakeup of the subcommittee staff after taking over the chairmanship from McCarthy.

McClellan said he did not even know that Tracy had made the West Coast investigating trip, declaring McCarthy apparently had sent the investigator on the mission just before stepping out of the chairmanship.

## Longtime DeWitt Resident, Is Dead

**Lincoln Star Special**  
DEWITT, Neb. — Funeral services for Mrs. C. W. Buck, 83, longtime DeWitt resident, will be held Thursday afternoon at the DeWitt Methodist Church. Burial will be in DeWitt Cemetery.

Mrs. Buck died Monday at East Lansing, Mich., at the home of her daughter, Mrs. A. W. Farrall.

A native of Conn. Ontario, Canada, she had lived in DeWitt more than 50 years. She moved to East Lansing after the death of her husband in 1949.

Surviving are her daughter, Mrs. Farrall; two sons, C. Wallace of Broken Bow and Glenn of Lincoln; seven grandchildren; and two great grandchildren.

## Trixie Hospitalized

LOS ANGELES (INS)—Trixie Friganza, famed vaudeville star and "champagne girl" of yesterday, was reported in serious condition at Queen of Angels hospital in Los Angeles. Nature of the 53-year-old singer's illness was not disclosed. She had been bedridden for the past 16 years at Sacred Heart Academy in Flintridge, a victim of arthritis.

## Back To Germany

BREMEN, Germany (AP)—A young East Berlin baker who tried to get to the United States amid a group of circus elephants aboard the German liner Berlin is back in Germany again—and in jail. Bremen police said they are holding 21-year-old Hartmut Liskow on charges of illegal emigration.

## Ike Plans Quail Hunt In Georgia Over Weekend

WASHINGTON (AP)—The White House announced Monday that President Eisenhower has tentative plans to fly Thursday to Thomasville, Ga., for a weekend of quail shooting at the estate of Secretary of the Treasury Humphrey.

Murray Snyder, assistant press secretary, said Humphrey will accompany the President if the trip materializes.

Indications were the President will make the trip barring some unforeseen development in the international situation.

Tentative plans, Snyder said, call for Eisenhower to return to Washington on Sunday.

Eisenhower was Humphrey's guest at the Thomasville estate, Milestone plantation, just a year ago this month. At that time the President brought down several quail.

disobeyed instructions from Battle Creek and Madison County law enforcement authorities, the commission said. Whalen's suspension will begin Feb. 14. The liquor commission dismissed charges of selling liquor to a minor against Lena Baumer, Omaha.
